## MAY FIRE ON SUBMARINES UPON SIGHT

American Armed Merchantmen Will  
be Empowered to Turn Loose  
Guns on U-Boats

### INTERPRETATION OF THE LAW

Opinion by Authority on Interna-  
tional Statutes Brings War  
Possibility Nearer

### CLASH SEEMS INEVITABLE

Neutral Ships May Presume There  
Will be No Visit and Search  
by German Craft

(By United Press.)

Washington, March 10.—American  
armed merchantmen will be empow-  
ered to fire on Teutonic submarines  
upon sight.

The state department made this  
plain today in declaring that neu-  
tral ships can presume that there  
will be no visit and search by Ger-  
man submarines inasmuch as Ger-  
many has served notice on the  
world that she will disregard this  
mandate of international law.

By firing first American merchant  
ships will lose immunity from at-  
tack by submarines, according to a  
view of an international law expert  
here. This means that the bars are  
down, and that real fighting may  
be anticipated, he said, unless Ger-  
many changes her avowed view, and  
shows leniency towards American  
ships.

That statement means American  
ships will take no chances with the  
German vessels. Sight of a German  
submarine will be sufficient to justify  
American ships in turning loose the  
power of their guns.

This interpretation brought the  
possibility of war extremely near.

Germany declared that she had  
spoken her last word, that she will  
go ahead with her submarine cam-  
paign.

If that is true—and the govern-  
ment has no official reason to doubt  
it—it is taken officially to indicate  
that sooner or later a clash between  
a submarine and an armed merchant  
ship is inevitable.

The navy department today screw-  
ed down the censorship lid on the  
question of armament of merchant  
vessels.

## SAYS GERMAN AGENTS LEVIED WAR TAXES

Federal Secret Service Men Declare  
One "Assessor" Confesses Part  
in Transaction

### MILLIONS ARE COLLECTED

(By United Press.)

New York, March 10.—Federal  
agents investigating alleged German  
plots today declared they have evi-  
dence that accredited German  
agents have been levying war taxes  
on German subjects in the United  
States for more than a year. One  
of these German "assessors," the  
agents declared, had told them his  
part in the collections. Millions of  
dollars, the agents believe have  
been collected.

The agents also said they were  
trying to discover if approximately  
\$5,000,000 collected through bazaars  
and fairs for the German Red Cross  
really reached that organization.

The sale of the George Smalley  
livery stock today attracted a large  
crowd. Good prices prevailed.  
Twelve head of horses were in-  
cluded in the sale.

## TO CHANGE THEIR LOCATION

Clark and Caldwell Will Have Ser-  
vice Station in Connection

The automobile agency of Clark  
and Caldwell will move soon from  
the room in First street with the  
Cowing harness store, two doors  
west into the Stewart room on the  
alley. Extensive improvements are  
being made so as to convert the  
room into a modern sales and show  
room and garage. Clark and Cald-  
well will employ a skilled mechanic  
so as to make their agency a ser-  
vice station for the machines which  
they sell.

## HILBERT AND WIFE ARE GIVEN FREEDOM

Orange Couple Accused of Causing  
Death of Russel J. Hilbert,  
Age 7, Released

### ARRESTED TWO WEEKS AGO

Herman Hilbert and his wife,  
Lillian Hilbert, of near Orange, who  
were arrested two weeks ago follow-  
ing the coroner's investigation of the  
death of Russel J. Hilbert, age 7  
son of Hilbert and step-son of the  
woman, were released in Conners-  
ville last night on order of Judge  
Raymond Springer of the Fayette  
circuit court. Judge Springer was  
advised by L. A. Kline foreman of  
the grand jury, that the investiga-  
tors had failed to return an indict-  
ment. Mr. and Mrs. Hilbert were  
released from jail at six o'clock  
last night and went immediately to  
their home.

The grand jury has been conduct-  
ing a probe into the Hilbert boy's  
death since last Monday. This af-  
ternoon Chemist R. P. Noble of In-  
dianapolis was summoned to appear  
before the jury. He and Coroner  
Cooper were inside the secret cham-  
ber for an hour and upon their re-  
appearance the jury's decision was  
announced. Chemist Noble had  
been making an exhaustive test of  
the Hilbert boy's stomach. It is not  
known whether the chemist found  
strychnine in the stomach.

## PLAN TO SEE MANY FARMERS SPOILED

W. H. Deboer Called to Indianapolis  
Last Night and Unable to Make  
Contracts Today

### MANY FAVOR CATSUP FACTORY

The news that Reid, Murdoch and  
company would erect a catsup fac-  
tory here if the farmers would co-  
operate by agreeing to grow the to-  
matos caused many favorable com-  
ments last night and today. Farmers  
came to Rushville today with the  
expressed purpose of seeing W. H.  
Deboer, the representative, to learn  
if they could contract to raise a  
crop of tomatoes. Local grocers  
who are familiar with Reid, Murdoch  
and company declared themselves  
willing to do all they could to fur-  
ther the plan because they realized  
that it would be a stable industry in  
Rushville which would benefit farmers  
and the city of Rushville alike.

Mr. Deboer had expected to be  
joined here today by Mr. Lowe, an-  
other representative of the company  
and the two had planned to see a  
number of farmers at the public  
sale at George Smalley's livery barn,  
but an unexpected telephone call  
caused them to change their ar-  
rangements. Mr. Deboer was called  
to Indianapolis last night and had  
not returned yet at noon today.

Grocers today told their customers  
of the value of the industry, em-  
phasizing the worth of Reid, Mur-  
doch and company, a \$3,000,000 cor-  
poration.

## INJURIES FATAL TO AGED WOMAN

Mrs. Amanda Hilligoss, Age 73,  
Dies This Morning After Being  
Struck by Train

### ACCIDENT ON PENNSYLVANIA

Mrs. Hilligoss Struck While on  
Fifth Street Crossing Near  
Her Home Last Night

Mrs. Amanda Hilligoss, 73 years  
old, was fatally injured last night  
when hit by the northbound passen-  
ger train on the Pennsylvania rail-  
road at the Fifth street crossing. The  
accident occurred about seven  
o'clock and Mrs. Hilligoss died this  
morning at two o'clock.

Mrs. Hilligoss, who lived in the  
first house west of the railroad on  
the south side of Fifth street, had  
been to the McKee grocery and was  
returning home. She was walking  
on the west side of the crossing and  
evidently believed she was out of  
danger. It is believed that the  
heavy bar on the front of the engine  
which extends out on both sides  
several inches struck her.

She was hurled several feet to  
one side of the track. She sustain-  
ed cuts and bruises on one side of  
her face and one hand was badly cut  
and bruised. Mrs. Hilligoss was  
conscious for some time after the  
accident and while she seemed to  
realize that something had happen-  
ed, did not offer an explanation. She  
complained greatly of the pain in  
her chest and while she may have  
sustained a slight fracture of the  
skull, her death was probably caused  
by the internal injuries.

The train crew was not aware of  
the accident and did not know the  
train had hit Mrs. Hilligoss until  
Falmouth was reached where the  
engineer was told of the accident.  
Will Redman and J. B. Pusey wit-  
nessed the accident. They saw Mrs.  
Hilligoss crossing the street and be-  
lieved she saw the train and was off  
of the right-of-way. The men at  
first thought she was dead. Mrs.  
Hilligoss revived shortly and was  
carried the short distance to her  
home.

Mrs. Hilligoss was the widow of  
the late Thomas Hilligoss and is  
survived by three children, Mrs. Gil-  
bert Meredith of Miami, Florida,  
Claude of this city and Clarence of  
Detroit, Mich. She is also survived  
by one brother, William Jones of  
near Marion.

Mrs. Hilligoss had lived in this  
city practically all of her life and  
was widely known. Her untimely  
death came as a great shock to a  
large circle of friends and relatives.

The funeral services will be con-  
ducted Monday afternoon at two  
o'clock in the St. Paul's M. E.  
church by the Rev. W. M. Whitsitt  
and burial will take place in East  
Hill cemetery. Friends may view the  
remains Sunday afternoon or Mon-  
day morning.

## STEALS 3 CASES OF WHISKEY

Thief With Taste For Liquor Breaks  
Into C. I. & W. Freight House

Local police and the C. I. & W.  
railway detectives are after a thief  
who evidently likes whiskey and  
plenty of it. The robber took three  
cases of whiskey from the C. I. &  
W. freight house here the first of  
the week. The three cases, amount-  
ing in all to about 36 quarters of  
whiskey, were being transferred  
from another railway to the C. I. &  
W. and while awaiting shipment were  
stolen. The police have been look-  
ing all week for a bunch of drunks  
or several men with awful headaches  
but this evidence is missing and the  
"party" evidently hasn't been pulled  
off.

## SERUM PLANT MAY BE REORGANIZED

Meeting of Stockholders Will be  
Held at Milroy Monday After-  
noon to Discuss Plans

### CALL BY CLYDE KITCHIN

He Urges That Men Who Invested  
Money Protect Interests and  
Try to Make Company Pay

A meeting of the stockholders of  
the defunct National Serum com-  
pany has been called for Milroy  
Monday afternoon at one o'clock.  
This is the company that purchased  
seventy acres of land south of  
Rushville and had started the erec-  
tion of one building before being  
thrown into the hands of a receiver.  
Clyde Kitchin of Milroy, one of the  
stockholders, has called the meet-  
ing.

It is proposed to discuss plans  
in regard to reorganization of the  
company. Mr. Kitchin states that  
there are 225 stockholders of the  
company and several plans will be  
submitted whereby the company can  
be placed back on its feet, complete  
the buildings and make the serum  
plant a success.

Many farmers in this county are  
interested in the serum plant and  
the idea back of the proposition was  
always considered a good one. It  
was proposed to sell the serum di-  
rectly to the farmers and the farm-  
ers who were stockholders obtain  
the serum at a minimum cost.

The sale of 225 shares of stock  
would represent receipts in the sum  
of \$22,500 and many people wonder  
what became of all of this money.  
The sum of \$14,000 was paid for the  
land and a mortgage for \$11,000 is  
outstanding. Mismanagement of the  
financial affairs of the company is  
said to be evident.

Stockholders here believe that the  
company can be put on a paying ba-  
sis and means to this end will be dis-  
cussed at the meeting Monday. The  
contractor, who had charge of the  
erection of the building for the  
plant, has told several stockholders  
that he would be willing to complete  
his work at a cost that would give  
him no profit but at the same time  
let him out even on the work.

The letter sent out by Mr. Kitchin  
is as follows:

"I find on investigating that the  
National Serum company is in the  
hands of a receiver and as a stock-  
holder in this company and having  
talked with a few other stockhold-  
ers, I have decided to call a meet-  
ing of all the owners of stock in  
the company that I can get, there  
being about 225. If you know of  
anyone that I have missed, tell them  
to come and we will discuss what to  
do in regard to reorganization or  
protection of our interests.

This meeting will be held in Mil-  
roy, Ind., Monday, March 2, 1917,  
in the M. W. A. hall at one o'clock  
prompt.

"Trusting your interests in this  
organization will merit your pre-  
sence, I am

Respectfully,

"CLYDE W. KITCHIN."

## DENIES THAT HE WAS KILLED

Lige Pea, However is Slightly Hurt  
at Big Four Bridge

Lige Pea was not killed this morn-  
ing as rumor would have had it, but  
he was severely hurt. Pea was  
working on the Big Four bridge  
south of the city and at the time  
was pulling on a rope. The rope  
broke and Lige fell to the ground,  
striking his head with great force.  
He was rendered unconscious for  
some time, but is not believed to be  
badly hurt. It was rumored that he  
had been killed or very badly hurt.  
Two doctors rushed to the scene.

## YAKY AND CAVITT TESTIFY

Local Officials Appear Before Fay-  
ette County Grand Jury

Sheriff Cavitt and Chief of Police  
Yakey were in Connersville this af-  
ternoon where they appeared before  
the Fayette county grand jury now  
in session. The local officers were  
called on the case involving the two  
colored women, arrested here and  
charged with highway robbery. The  
arrest was made here and the local  
officers assisted in searching the two  
women, finding money literally  
scattered all over them. The women,  
it is claimed, knocked a man down  
and robbed him of \$70.

## S. G. HUNTINGTON TO LEAVE HERE APRIL 1

Pastor of First Baptist Church Re-  
signs to Become Superintendent  
of Northern Indiana

### HERE THREE AND HALF YEARS

The Rev. S. G. Huntington has  
resigned as pastor of the First Bap-  
tist church, his resignation to take  
effect April 1. He has been ap-  
pointed superintendent of the north-  
ern Indiana district by the Baptist  
state board, which is a promotion  
for him and a recognition of his  
ability.

The Rushville church has two or  
three applicants in view for the pas-  
torate and expects to have the Rev.  
Mr. Huntington's successor appoint-  
ed by April 1. The retiring pastor  
came here from Waldron October 1,  
1913 and during his ministry the  
church has thrived and grown. Only  
recently a new house of worship was  
erected at a cost of approximately  
\$15,000.

The Rev. Mr. Huntington's new  
duties will consist of finding pas-  
tors for unfilled pulpits, finding  
pastorates for unemployed minis-  
ters, holding church institutes and  
conducting evangelistic campaigns.  
He will go to Hammond March 18 to  
hold a revival at the Baptist church  
there, which has a \$70,000 church  
home.

## FIRST STEP TAKEN TO CONSOLIDATE SCHOOLS

Petitions Filed in Circuit Court Ask-  
ing Appraisers to Fix Value  
of Land Needed

### THREE ACRES ARE REQUIRED

The first actual step of Rushville  
school township towards building a  
new \$30,000 consolidated school and  
combine four school districts was  
taken today when petitions were  
filed in circuit court to have land  
appraised for school purposes. The  
suits are directed against Thomas  
Sullivan and Alva Webb.

The present site of the Webb  
school will be used and in addition  
to that ground the township desires  
1.128 acres from both Sullivan and  
Webb. This will give about three  
acres of land for the building and  
playgrounds.

The court is asked to appoint a  
set of appraisers who will in turn  
fix a value on the land. The con-  
demnation proceedings are neces-  
sary under the law. The state board  
of health recommended that this  
amount of ground be used for the  
school.

One of the series of five big  
meetings will be held at the Epworth  
League at the St. Paul's M. E.  
church tomorrow evening at 6  
o'clock. George Wiltse is to lead,  
there is to be a solo by Miss Mary  
Louise Bliss, a duet by Miss Kath-  
ryn Guffin and Miss Kathryn Wood-  
en and talks by Miss Harriet Smith  
and Miss Frances Frazee. Everyone  
is invited to attend.

## NOT TO RELAX IN FIGHT ON BOOZE

Dry Organizations in State Will  
Work for Prohibition in New  
Constitution

### REASON FOR LEAGUE'S WORK

Anti-Saloon Organization Will Have  
Speakers in Every Church in  
Rush County Sunday

The avowed purpose of the In-  
diana Anti-Saloon League is to stay  
in the field as an active organization  
not only until the fight is won to  
write prohibition into the state  
constitution, but also afterwards  
to act as a spur to officials who  
might tend to be lax in their enforce-  
ment of the temperance laws.

That is the reason tomorrow will  
be Anti-Saloon League day in the  
churches of Rush county. The lea-  
gue will be represented by one  
speaker in every pulpit in the  
county tomorrow, in so far as such  
a thing is possible. At one of the  
services in Rushville tomorrow, a  
representative of the league will  
speak.

The league has let it be known  
that it will continue the fight to  
make prohibition in Indiana a per-  
manent thing. Working to that end,  
the league will be one of the agen-  
cies which will fight throughout the  
state for delegates to the constitu-  
tional convention next January who  
are favorable to state wide prohibi-  
tion. Once prohibition is made a  
part of the state constitution, it will  
be taken out of state politics. So  
long as there is nothing more than  
a state wide prohibition law on the  
statutes books it is pointed out, agi-  
tation can be renewed every two  
years at the meeting of the legisla-  
ture for repeal of the law.

The Indiana Dry Federation, a  
combination of all the organizations  
working for temperance, has sent  
out a form letter announcing that it  
will remain an active and aggressive  
body until prohibition is incorporat-  
ed in the state constitution. The  
Anti-saloon League is affiliated with  
the dry federation.

"The wisdom of this action,"  
says the dry federation letter, re-  
ferring to the announced determina-  
tion to continue the fight, "is in-  
dicated by the activities of the li-  
quor interests at this time. They  
are turning heaven and earth to get  
together, not only to block effective  
prohibition through other bills sub-  
mitted to the legislature, but to  
control the constitutional conven-  
tion and beat the prohibition issue  
when it goes to the people for final  
approval.

"The fight has just begun. Thanks  
to the wonderful support you gave  
the movement, the first contest has  
been won by the people. But if any  
one has dreamed that the mere pas-  
sage of a prohibition bill by this  
legislature ends the contest—then it  
is time to wake up.

"The people of this state won this  
victory. They won because they  
were afforded the machinery where-  
by they could make themselves ef-  
fective. The telegrams, wires, peti-  
tions, the delegations, and most of  
all, the demonstrations which you  
made in Indianapolis where time and  
again the state house was filled  
with determined advocates of pro-  
hibition—these were the things that  
won the battle, and these won only  
because the people had an organiza-  
tion whereby the volunteers of one  
county could know what the volun-  
teers of another county were doing.  
There was intelligent co-operation  
of all the forces and it is only by  
this sort of co-operation that the  
final victory will be won.

"The Indiana Dry Federation is a  
permanent fixture until the final vic-  
tory is won. It is inviting every or-  
ganization interested in prohibition  
to join in this great campaign; it  
invites the co-operation of every  
individual; and, beginning at once,

## CLAIM AGAINST DALE ESTATE COMPROMISED

Mrs. May Dale is Given \$1,500 and \$50 Attorney Fees—Original Demand \$3,120

### MAY CHANGE WINSHIP CASE

By agreement this morning in circuit court Mrs. May Dale was given judgment for \$1,500 and \$50 attorney fees on her claim against the estate of the late Sallie A. Dale. Mrs. Dale originally asked \$3,210.

The claim of Mrs. Alma Winship against the estate of her late husband, Jesse T. Winship, will be sent from the county if the court acts favorably on a motion that was filed this morning. The motion for a change of venue was filed by Rush G. Budd, executor of the will.

The suit of the Gallion Iron Works against Walter C. Reinheimer and the Federal Union Surety company, on a bond, was dismissed and the costs paid.

## WILLIAM GEORGE IS DEAD NEAR NEW SALEM

Well Known Noble Township Farmer Expires at His Home Friday Night at Age of 73

### LIVED IN COUNTY 18 YEARS

William George, 73 years old, a well known resident of Noble township, died last night at his home near New Salem, following a long illness from a complication of diseases. Mr. George had been in a serious condition for the past two weeks and his death was expected. Mr. George was a native of Franklin county and moved to Rush county eighteen years ago, first locating in Richland township. For the past thirteen years he had lived in Noble township.

He is survived by his widow and seven children, E. O. George of Richland; Chester M. George, county superintendent of schools; Mrs. Bert Heaton of Noble township; A. H. George of Richland; F. C. George of New Salem; R. E. George of Omaha, Neb.; and Earl W. George of Farmland, Ind. He is also survived by one sister, Mrs. Sarah Colter of Milroy and one brother, John F. George of Fairmont.

The funeral services will be conducted Monday morning at ten o'clock at the late residence and burial will take place in the Richland cemetery.

**"SAVE THE BABIES."**  
These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

Supper for a child two to three years old should be served at 5:30 p. m. It should consist of a well cooked cereal or bread and milk; or bread and butter and cocoa, and stewed fruit or applesauce. Give him also a glass of warm milk. Do not give the child anything to eat between meals. Be sure that he has several drinks of water during the day.

# REOPENED

## HOG PRICES PASS THE \$15 MARK TODAY

New Level is \$15.35, a Gain of From Thirty to Forty Five Cents Over Yesterday.

### GRAIN PRICES VARY LITTLE

Hog quotations reached a new level today when \$15.35 was reached, a gain of from 30 to 45 cents over yesterday's.

Grain varied only a little. May wheat in Chicago was one cent lower, but July went up a quarter of a cent and September was up a half. May corn declined a half cent; July, seven-eighths; September one-eighth. May oats was a half cent lower and July was down three-quarters.

Indianapolis wheat declined a cent and corn was off a half cent. Oats went down a half cent.

# Dancing TO MITCHELL'S MUSIC BY K. of P.'s, Tuesday Evening, March 13

## Personal Points

—Vern Norris spent yesterday in Richmond.

—Walton Patton of Milroy spent Friday here.

—Charles Carr of Homer was a visitor here yesterday.

—C. A. Tourtellat of Indianapolis spent Friday in this city.

—Ed Logan of New Salem was a business visitor here yesterday.

—Mrs. John G. Beale and daughter visited in Indianapolis today.

—Ed George of Andersonville attended to business here yesterday.

—William Arbuckle of Homer spent Friday in this city on business.

—Rosecoe Tittsworth of Orange made a business visit here yesterday.

—M. K. Christy and C. Bartholomew of Detroit, Mich., are here on business.

—Mrs. Willard Amos and Mrs. O. M. Harton were Indianapolis visitors today.

—Miss Georgia Morris went to Indianapolis this morning for a short visit.

—Mrs. J. D. Case and son, Deryl, and Mrs. Wilford Grindle spent the day in Indianapolis.

—Mr. and Mrs. Will M. Frazee and son, William, were visitors in Indianapolis today.

—Mrs. Sam Anderson and sons of Clarksburg were the guests of relatives here yesterday.

—Miss Ida Laughlin went to Indianapolis this morning to spend the week-end with friends.

—Miss Mary Amos is the guest of Mrs. Leonard Roberts of Indianapolis for several days.

—Mrs. Harriet Gessler and son have gone to Westport for a visit of two weeks with her parents.

—Mr. and Mrs. J. W. Worden of Shelbyville are spending the week-end with relatives in this city.

—Mrs. Alfred Senior of Terre Haute is visiting her father, S. B. Anderson, and family south of the city.

—Dennis Fitzgerald of Kokomo returned to his home today after a weeks visit with relatives in this city.

—Mr. and Mrs. W. O. Walton and daughter Florine went to Greenfield yesterday to spend the week-end with relatives.

—Leo Mullins, who has been spending the past few weeks with relatives in this city, will return to Anderson tomorrow.

—Miss Marian Scholl, who is attending DePauw university at Greencastle, arrived yesterday afternoon to spend the week-end with her parents, Mr. and Mrs. J. H. Scholl.

—Miss George Anna Schmidt of Indianapolis, formerly of this city, is spending the week-end in this city with friends.

—Mrs. W. F. Barlow has returned to her home in St. Paul after a weeks visit with Mrs. S. G. Huntington of this city.

—Mr. and Mrs. Orville Hill of Freeport will visit the latter's parents, Mr. and Mrs. Will Gessler, of Second street, over Sunday.

—Mrs. Emma Talbert and Miss Lucy Inlow went to Indianapolis yesterday afternoon to spend a week as the guests of Mrs. Huber.

—Miss Jean Sparks and Miss Phyllis Casady spent the day in Indianapolis and attended the matinee of "The Follies" this afternoon.

## 3 ON BLOOMINGTON FORCE DISCHARGED

**Superintendent of Police Declares He Has Refused to Pay Tribute to Mayor Harris**

**ASSIGNS THAT AS THE CAUSE**

(By United Press.)  
Bloomington, Ind., March 10.—John Hensley, superintendent of police, Tod Davis, night superintendent, and Patrolman Flinn were discharged today by the board of police commissioners. Hensley immediately issued a statement in which he charged he had refused to continue paying tribute money to Mayor John J. Harris.

Hensley charged that when the mayor hired him it was with the understanding that he was to pay the mayor at the rate of \$100 a year. He said that he had already paid \$250 but refused to pay any more because the mayor owes him money.

## POLICE FORCE IS INDICTED

**Alexandria Officers Accused of Not Performing Duties**

Alexandria, Ind., March 10.—This city's police force was arrested today on charges returned by the Madison county grand jury. S. E. Donahoo, chief, is accused of failing to perform his duties and with visiting a disorderly house. Three patrolmen—David Bendiet, Charles Sheley and Frank Thompson are charged with failure to perform their duties.

Havana, March 10.—A detachment of American marines was reported here today to have occupied the city of San Luis, thirty miles from Santiago. It was expected the American forces would remain there until arrival of the Cuban government troops. Then they will return to Santiago.

## Local News

J. V. Young, who underwent an operation for appendicitis this morning at the Sexton sanatorium, is reported to be doing very nicely.

The penny supper to have been given by the Dr. Gilbert Sunday school class on Wednesday, March 14, will be held instead on Friday, March 16 in the Christian church basement.

The funeral services of C. F. Politt who died in Indianapolis Thursday will be conducted in Indianapolis this afternoon. The remains will be brought to Milroy tomorrow by means of an automobile and burial will take place at about 12 o'clock in the Milroy cemetery.

Mr. and Mrs. Ed L. Beer will retire from the Cottage hotel, corner of Fourth and Morgan streets, and will move to the tract of land in Jersey City which they bought recently. Miss Flora Gutaphel will continue the Cottage hotel as a rooming house and will likely rent the dining room and kitchen so that a boarding house may be run in connection.

## HEARS "STRANGER" IN AIR

**U. S. Experts Declare Mexico Has Wireless to Reach Germany**

(By United Press.)  
Laredo, Texas, March 10.—Wireless experts of the United States army along the border declare that despite denials from Mexico City the Mexicans have in operation a wireless station powerful enough to communicate with Berlin.

Operators tell of hearing a "mysterious stranger" in the air in the past month.

## ARMS PLANT IS SET ON FIRE

**Savage Company Buildings' Damage Thought Work of Incendiary**

(By United Press.)  
Utica, N. Y., March 10.—The Savage Arms plant here where Lewis machine guns are manufactured by the allies was damaged early today by fire believed to have been of incendiary origin. Investigation has been started.

## GERMAN OFFICERS FINED

**Eight Men Who Sunk Their Vessel Also Sentenced to Prison**

(By United Press.)  
Florence, S. C., March 10.—The eight under officers of the German freighter Liebenfels were today sentenced to one year in the federal prison at Atlanta and fined \$500 each on the charge of having sunk their vessel in the Charleston harbor when diplomatic relations were broken with Germany. Notice of appeal was given immediately and bail was fixed at \$6,000 in each case.

## SPECIAL SESSION TO ADJOURN IN FEW DAYS

**Senators Want Breathing Spell Before Congress Meets Again on Monday April 16**

**A FEW TASKS BEFORE THEM**

Washington, March 10.—The special session of the senate will adjourn Tuesday or Wednesday.

Senator Chamberlain said today that members of the senate were practically unanimous in their efforts to get away from Washington for a breathing spell before returning to the extra session April 16. Senator Fletcher also predicted an end by Wednesday.

"We have eight nominations to confirm and the Columbian treaty to ratify," said Chamberlain. "I believe these things will be attended to Monday or Tuesday. I do not look for any opposition to any of them."

## Amusements

The Lyric will show the three reel drama "The Demon of Fear" for the first picture tonight. Anna Little is featured and it is said to be a thrilling drama. The second is entitled "The King 'O Make Believe" in which Crane Wilbur is featured. The last picture on the program is a comedy "Just for a Kid." Monday the three act drama "The Toilers of the Sea" will be shown.

The Princess offers the feature picture "Little Miss Happiness" for the program tonight. June Caprice and Harry Hillard are featured. Wanted by nobody, she creeps into the quiet of Lucy White's home and causes the village gossips to raise their hands in horror. There are many funny situations. Robert Warwick will be seen Monday in the feature drama "The Heart of a Hero."

The Gem will show the usual three pictures tonight. The first is a drama "The High Diver's Curse" in which Dan Russell is featured. The second is entitled "The Shadow" and the last "When He Came Back." The attraction at the Gem Monday night will be "The World and the Woman." Jeanne Eagles is the star. It is an unusual absorbing study of the soul of a woman of the streets. A tipsy man's wager brings the girl as a servant to the mountain bungalow of a Broadway spendthrift. The story deals with her fight to climb back up the social ladder.

At the Shubert Murat theater, Indianapolis, commencing Thursday evening, March 15th, for three nights and Saturday matinee, William M. Currie will present Taylor Holmes in the sensational successful comedy entitled, "His Majesty Bunker Bean." Mr. Holmes and the original company intact come here from long runs in New York and Boston, and six months at the Cort theater, Chicago. "His Majesty Bunker Bean" is founded on the famous story of the same title which ran as a serial in the Saturday Evening Post, and was generally voted to be one of the best pieces of humorous fiction published in many years. It is said that in making the adaptation Mr. Lee Wilson Dodd retained in their entirety the many laughs established by the original Harry Leon Wilson story. Taylor Holmes has long since been considered one of the best light comedians of the present day. He embodies the spirit of laughter and seems to infect his audiences with it. As the timid stenographer (Bunker Bean) who rises from obscurity to a self-reliant young man who believes in himself to the extent of winning not only wealth but the girl of his choice, the daughter of his employer, Mr. Holmes imbues his character with spontaneity and ease, and facile grace. Mr. Currie has surrounded his star with a company for farceurs including Charles Abbe, Maude Hanaford, Pell Trenton, Lillian Lawrence, Walter Sherwin, Annette Westby, Clara Louise Moores, Phillip Leigh, Horace Mitchell, Grace Peters, George C. Lyman, Belford Forrest, Edna Phillips, Robert Toms, and George O'Rourke. The fun and laughter are guaranteed to be swift and sure.

Tickets can be had from Hargrove and Mullin, local agents.

## ACCUSED OF PLOTTING.

Los Angeles, Cal., March 10.—Alleged to be connected with plots to destroy the Welland canal and committing other unneutral acts in America. Captain Alfred Fritzen, a German officer, was arrested by agents of the department of justice.

## WAR DEPENDS ON WILSON.

(By United Press.)  
Copenhagen, March 10.—"War depends upon President Wilson: at any rate we have decided to conduct the submarine warfare to the utmost degree," declared German Foreign Secretary Zimmermann in a statement telegraphed here from Berlin.

## TOO MANY NEGROES.

Philadelphia, March 10.—More than 25,000 negroes have settled in Philadelphia in the last six months and the city government doesn't know exactly how to meet the problem of congestion in their section of the city. Small flats are housing as many as five and six families. The influx is said to be due to the fact that the negroes think they will be more cordially received here than in other American cities.

A nine pound son has been born to the wife of George Lennard of Metmora. Mrs. Lennard was formerly Miss Mildred Rieman of Connersville.

Look and Feel  
Clean, Sweet and  
Fresh Every Day

Drink a glass of real hot water  
before breakfast to wash  
out poisons.

Life is not merely to live, but to  
live well, eat well, digest well, work  
well, sleep well, look well. What a  
glorious condition to attain, and yet  
how very easy it is if one will only  
adopt the morning inside bath.

Folks who are accustomed to feel  
dull and heavy when they arise, splitting  
headache, stuffy from a cold, foul  
tongue, nasty breath, acid stomach,  
can, instead, feel as fresh as a daisy  
by opening the sluices of the system  
each morning and flushing out the  
whole of the internal poisonous stag-  
nant matter.

Everyone, whether ailing, sick or  
well, should, each morning, before  
breakfast, drink a glass of real hot  
water with a teaspoonful of limestone  
phosphate in it to wash from the  
stomach, liver, kidneys and bowels the  
previous day's indigestible waste,  
sour bile and poisonous toxins; thus  
cleansing, sweetening and purifying  
the entire alimentary canal before  
putting more food into the stomach.  
The action of hot water and limestone  
phosphate on an empty stomach is  
wonderfully invigorating. It cleans  
out all the sour fermentations, gases,  
waste and acidity and gives one a  
splendid appetite for breakfast. While  
you are enjoying your breakfast the  
water and phosphate is quietly ex-  
tracting a large volume of water from  
the blood and getting ready for a  
thorough flushing of all the inside  
organs.

The millions of people who are  
bothered with constipation, bilious  
spells, stomach trouble, rheumatism;  
others who have sallow skins, blood  
disorders and sickly complexions are  
urged to get a quarter pound of lime-  
stone phosphate from the drug store  
which will cost very little, but is  
sufficient to make anyone a pro-  
nounced crank on the subject of  
internal sanitation.

**Senreco**  
—the tooth paste  
that is fighting  
the most general  
disease in the  
world. Use it  
twice daily. See  
your dentist  
twice yearly.

Get a tube today, read  
the folder about this dis-  
ease, and its symptoms  
and start the Senreco  
treatment tonight. 25c  
at your druggist. For  
sample send 4c. stamps  
or coin, to The Senreco  
Remedies Co., Cincinnati,  
Ohio.

A  
DENTISTS  
FORMULA

**VEGETABLE  
CALOMEL**

Vegetable calomel, extract of the  
root of the old-fashioned may-apple  
plant, does not salivate. As a liver  
stimulator, it's great. It's a per-  
fect substitute for ordinary calomel  
(mercury); in fact, it's better,  
because its action is gentle instead  
of severe and irritating—and it  
leaves no mean, disagreeable after-  
effects. Physicians recognize this  
and prescribe may-apple root (po-  
dophyllin, they call it) daily.

Combined with four other stand-  
ard, all-vegetable remedies, may-  
apple root may now be had at most  
any druggist's in convenient sugar-  
coated tablet form by asking for  
Sentinel Laxatives. If you forget  
the name, ask for the box that has  
the picture of the soldier on it.

These tablets are small, easy to  
take and are really wonderful little  
performers.

They quickly clean out the poi-  
sons that are causing you head-  
ache, constipation, sour stomach,  
biliousness, dizzy spells, bad breath  
and coated tongue.

They are mild. They never  
gripe. And they are a bowel tonic  
as well as a cleanser and liver  
regulator. A 10c box should last  
one several weeks. A Physician's  
trial package (4 doses) will be  
mailed you free if you write men-  
tioning this advertisement. The  
Sentinel Remedies Co., 802 Mad-  
ison Ave., Covington, Ky.

**Commission and Omission.**

Failure of the Interstate Com-  
merce Commission to act promptly  
and effectively in devising means of  
relieving the car shortage due to  
freight congestion, has not only de-  
stroyed much of the prestige of that  
body but has shaken confidence in  
commissions as the ultimate solution  
of every problem. We have been  
drifting very rapidly, of late, into  
the notion that when any perplexing  
difficulty is presented the best thing  
to do is create a commission with  
authority to deal with the situation  
as its discretion may direct. We  
have gone almost commission mad.  
The inability of the Commerce Com-  
mission to take steps that would  
unload and move the idle cars de-  
monstrates the need of laws which  
shall clearly fix the responsibility of  
persons who fail to load or unload  
cars within a reasonable time, and  
also of transportation companies  
which fail to furnish cars for ship-  
pers within a reasonable time. As  
a matter of fact, the most important  
improvements in transportation in  
recent years have been accomplish-  
ed either by the railroads themselves  
or by act of congress. We must  
look to congress and not to the  
Commerce Commission for the re-  
forms of the future.

**Prices and Paternalism.**

On the day that President Wilson  
went to congress to advocate his  
policy of armed neutrality, there  
were pending in that body some pro-  
posals looking toward a governmen-  
tal regulation of the prices of food  
products. That day potatoes were  
selling in Berlin for seventy-two  
cents a bushel, in Washington for  
\$3.60. In Berlin there is govern-

**EAT LESS—  
IT WILL DO  
YOU MORE  
GOOD**

**FOLLOW YOUR MEAL WITH A  
LITTLE PEPSINCO—YOUR FOOD  
WILL SATISFY FOR A LONGER  
TIME—NONE WILL BE WASTED.  
IT WILL DO YOU 100 PER CENT  
GOOD.**

It's a mistaken idea that the more  
you eat the more good it will do you.  
It's not what you eat; it's what you  
digest that does you good. Eat less—  
take Pepsinco and you'll feel better—  
you'll thoroughly enjoy what you eat  
and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps  
weak stomachs. It prevents strong  
stomachs becoming weak through care-  
lessness in eating. Let Pepsinco di-  
gest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpen-  
sive. Hundreds have Pepsinco handy  
for such an exigency. Many suffer  
after every meal—they don't use Pep-  
sinco. Thousands eat with a relish—  
they use Pepsinco.

No need for sour stomach, sick head-  
ache, indigestion, bloating, heartburn  
and food distress. Pepsinco must sure-  
ly be used when your food kicks back;  
when stomach pains; when you belch  
up your stuff; when you get up in the  
morning with a mean, disagreeable,  
dark brown taste; when your food  
does not taste natural; when stomach  
revolts at the sight of food; when  
sleep is interrupted with bad dreams;  
when breathing is heavy from gas pres-  
sure. Pepsinco never fails to help in  
all cases where misery follows a meal.

Thousands today are using Pepsinco,  
happy in the thought that they have a  
reliable preparation to fall back on if  
stomach fails them. All druggists car-  
ry Pepsinco in small packages—large  
enough to show what they are worth.  
Get a package today, now, at once and  
not only help your stomach, but also  
cut your food bill down.  
(Advertisement.)

ment regulation of prices. In Wash-  
ington there is not. The people of  
Berlin are the beneficiaries of govern-  
ment regulation of prices—but  
the farmers of Germany have to  
take the gaff. With government regu-  
lation of prices in this country, the  
people of the cities will benefit at  
the expense of the farmers. In this  
life there can be no economic move-  
ment of this kind which will bene-  
ficially affect everyone concerned.

Having thrown out the republicans  
and installed democrats in the post-  
offices, President Wilson is now an  
advocate of the extension of the  
classified civil service, so that his  
appointees shall be secure in their  
positions.

Tennessee has enacted a "bone  
dry" prohibition law, which takes  
effect March 1. After that date it  
will be unlawful to ship liquor into  
the state, to convey it in, or even to  
have liquor in one's possession. The  
really disastrous feature of the sit-  
uation is that it will inevitably cause  
a fearful decimation in the ranks of  
the colonels, for whoever heard of a  
colonel voluntarily residing in a  
"bone dry" state?

It is difficult to understand why  
the equal suffragists should station  
pickets at the entrance to the white  
house. The president has no power  
to establish women suffrage, even if  
he would. Congress alone has power  
to submit a constitutional amend-  
ment.

Pancho Villa should be proud of  
his criminal record. It has cost the  
United States two hundred million  
dollars to "take him," and yet he  
still cavorts around northern Mexi-  
co at will and is waiting to be "tak-  
en."

It is reported that Washington is  
in doubt as to the identity of the  
submarine which sank the "Athos"  
because the "sub" flew no flag. Won-  
der if submarine flags are made of  
oiled silk.

The payroll of the Dominican Re-  
public has been cut down. It was  
found that many were drawing sal-  
aries for doing nothing. If such a  
policy were ever inaugurated in  
Washington, D. C., it would be a  
calamity.

A bill has been introduced in Al-  
bany to punish those responsible for  
disagreeable odors. It comes too  
late to affect the federal "leak" in  
inquiry, however.

The Red Cross Society acknowl-  
edges the receipt of \$138,000 for  
the relief of men blinded in the war.  
Are the revenue-raisers included in  
this category?

**HOOSIER PESTS.**  
(BY R. E. SNODGRASS.)  
It seems that agricultural crops  
are never free from the ravages of  
insects. What the Hessian fly, the  
joint-worm, the root aphid and the  
corn ear worm leave for the harvest  
is no sooner stored in the bins and  
granaries than it is attacked by a  
host of other pests. Some, called  
weevils, are well known by their  
long snouts which enable them to  
eat deep holes in the grains. These  
granary insects also infest mills and  
are familiar in the household as  
pests in all kinds of prepared cereal  
foods.

Some of them can be destroyed in  
tight bins with carom bisulphide  
This liquid should be poured into  
wide pans and set on top of the  
grain and the bin closed as nearly  
air-tight as possible for forty-eight  
hours. Use about four pounds to  
every thousand cubic feet of space,  
and remember that the fumes are  
highly explosive. Small quantities  
of grain, peas or beans may be fu-  
migated in a barrel by tightly clos-  
ing the top.

But all tests have not proved sat-  
isfactory. In fact, how to kill in-  
sects in stored grain is something  
we need to know more about it is  
one of the problems that entomolo-  
gists have not yet satisfactorily  
solved in a practical way.

Mills may be fumigated with hy-  
drocyanic acid gas, but this does  
not penetrate well into flour and  
meal. The very best remedy known  
is heat. An artificial temperature of  
118 to 125 degrees maintained for  
several hours has been proved to be  
fatal to all insects, but such treat-  
ment is generally impossible except  
in mills specially constructed with  
this end in view.

**GOOD BUYING**  
**Is the Only Effective Weapon**  
against high prices and the Spring of 1917 is the time to use this weapon to your advantage. Everything you have to buy is away above normal price and only by shrewd buying can you overcome this condition.  
I have bought buggies on which I could make a nice profit by re-selling them at present wholesale prices, but they will be sold to the buggy users of this locality at a price based on the market they were bought on, which means a saving of at least \$10.00 to \$15.00 on each job.  
OUR OPENING on MARCH 16th and 17th will convince you of these facts, if you will favor me with enough of your time to look at my line of Vehicles.  
I want your vehicle business and if the best of standard makes of vehicles at prices that mean \$10.00 to \$15.00 saved will get it, I am sure going to get it. Every buggy guaranteed—they have to be right—I am not satisfied unless my customers are. Every customer must be a friend and a booster for my buggies. Some dealers say I cannot live and sell buggies at my prices. (I will let you know when to send flowers.) In the meantime save yourself some money by buying your buggies of a man who thinks just as much of making friends as he does of making sales. My motto is: "WHEN YOU MAKE A SALE, MAKE A FRIEND TO BOOST YOUR BUSINESS"

**RECEPTION HELD  
FOR FIRST REGIMENT**  
Formally Welcomed Home From  
Border Today—Governor Greets  
Men at State House.  
**BUFFET LUNCHEON SERVED**  
(By United Press.)  
Indianapolis, Ind., March 10—The  
First Indiana Infantry was for-  
mally welcomed home from the bor-  
der today. The troops arrived in  
Indianapolis last Tuesday and have  
been quartered at Ft. Benjamin Har-  
rison waiting to be mustered out.  
A reception for the men was given  
in the governor's office, the execu-  
tive greeting the soldiers. A buffet  
luncheon was served in the corri-  
dors of the capitol following the re-  
ception. The troops marched to the  
Circus theater and a patriotic cele-  
bration was held. Gov. Goodrich,  
Former Governor Ralston and Col.  
Leslie R. Naftzger, head of the  
regiment, delivered addresses.  
Mustering out routine will take  
about two weeks, when the boys will  
be allowed to depart for their  
homes.

**Law Enforcement.**  
(Burlington, N. C. Enterprise.)  
Americans are a nation of law  
breakers. But worse than that we  
not infrequently permit our officials  
to become persecutors by means of  
the law and because of the personal  
gain there may be in it.  
For example, there are thousands  
of laws on the national state and  
municipal statute books which are  
more than stringent enough if rea-  
sonably well enforced, but they be-  
come dead letters until some one  
sees an opportunity of making a  
nice little haul either through fees  
or through a portion of the fine  
which follows. Then when the op-  
portunity of making money has  
passed, the whole matter is dropped.  
In practice the thing becomes a sort  
of a legal holdup rather than a  
means of keeping the affairs of the  
nation, state or borough running  
along in a decent and law abiding  
manner. This kind of thing gradu-  
ally breeds in the minds of citizens  
contempt not only for the laws but  
for officials as well.

**INDIANS GO SOUTH.**  
Indianapolis, Ind., March 10—The  
Indianapolis American Association  
baseball team today departed for  
their spring training trip. The Indi-  
ans will train at Albany, Ga., until  
April 9, when they will return to In-  
dianapolis for a game with the New  
York Giants before the opening of  
the season two days later.  
**BAIL A MILLION DOLLARS.**  
(By United Press.)  
Havana, March 10.—Bail for  
General Gomez, captured rebel  
leader, was set at a million dollars.  
No one yet has come forward with  
the money to permit release of the  
rebel chieftain and the prospect is  
he will remain in prison.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## CHIEF BENDER IS ONE EXCEPTION

Passing of Famous Indian From  
Baseball Recalls That Few  
of His Race Make Good.

### ONLY ONE GOOD PLAYER LEFT

For Years he Was the Main Cog in  
Connie Mack's Machine That  
Won Penants.

(U. P. Staff Correspondent.)  
BY H. C. HAMILTON.

New York, March 10.—There is the passing of an old-time baseball player, one of the men who grew up with the game and saw it develop into the sport of the nation.

It was so with Chief Bender, just as it has been true of other ball players, and there is just a shade more of emotion in his passing, for it leaves only one Indian of prominence in the major league.

Strong, healthy, quick, drilled in outdoor sports by inherited rivalries, the Indian never has been able to completely fathom the white man's game of baseball. Many hundreds of the copper-skinned men have been called, but very few of them have reached the pinnacle of perfection in the majors.

Bender was one of the most prominent members of his race who ever played baseball, and Chief Meyers is another. Jim Thorpe, wonder though he is at other sports, is nothing more than fairly good as a ball player.

Soekalexis will recall glorified athletics to many an old time fan, but he passed as they all did. Chief Johnson was a wonderful pitcher and might still be if he had cared to keep himself in condition.

Bender was purely a product of the Connie Mack school. He was picked up after making a wonderful record for a team at Harrisburg, Pa., and then after a summer of illness and a season of no success, he blossomed. It was his work that did more than anything else to drive the Athletics to a pennant in 1911, and then he came through with a world's series victory practically unaided when Jack Coombs was stricken down. His work held up the Mackmen when everything else was going bad, and his final effort in the 1915 world's series was a crowning attempt to pull his team from defeat.

Connie Mack dropped him at the same time he did Jack Coombs and both the master hurlers passed into the National league eventually—Bender after spending a season with the Federals. He wasn't much of a pitcher, but he had used his experience to good effect and he was considered about half the strategic board for the Phillies.

## 18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable  
Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed. You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. NCB 4

## ARMING SHIPS IS STEP NEARER WAR

If Submarines Attack Merchantmen,  
Open Conflict With Germany Is  
Likely to Result

### WILSON MADE THIS PLAIN

This Status of Preparedness May  
Last Indefinite Time Through  
Some Good Fortune

Washington, March 10.—Neutrality will be the status of the United States the moment that the first merchant ship under the American flag puts to sea with cannon mounted for defense. President Wilson made this clear in his address to congress Feb. 26, when he asked specific authority to arm merchant ships for defense against submarines—the step he ordered upon his own responsibility.

Writers on international law said that armed neutrality consists of placing the country in a condition to defend itself and its neutrality against threatened attacks or inroads by belligerents. This state of preparedness may last an indefinite length of time, through good fortune in avoiding contact with belligerent forces afloat or ashore or through the design of the belligerent to confine its declaration of purpose to infringe the neutrality of a country to mere threats unsupported by action.

On the other hand, the status of armed neutrality may change into one of actual hostility through a collision—such as a submarine attack on an armed merchantman.

President Wilson has said that it may not be necessary to put armed forces anywhere into action. All will depend upon the future attitude of Germany and the treatment of American ships by German submarine commanders.

In his address to Congress the President said:

"I am not now proposing or contemplating war or any steps that lead to it. I merely request that you will accord me by your own vote and definite bestowal the means and authority to safeguard in practice the right of a great people who are at peace and who are desirous of exercising none but the rights of peace to follow the pursuit of peace in quietness and good will."

## MILROY ELIMINATED BY WESTPORT FIVE

Thinking it Had Everything Its Own  
Way, Rush County Quintet Slow-  
ed Down and Lost

### CLARKSBURG IS DEFEATED

Milroy, the only other Rush county team entered in the district tournament at Richmond was eliminated by Westport in the final game last night, 29 to 25. Milroy had the game its own way until the middle of the last period. With a substantial lead to its credit, Milroy relaxed its speed and Westport tied the score. Shortly before the period ended Westport was able to score twice from the field and walked off with the game, although outplayed most of the way by Milroy.

In the closest game of the day Liberty defeated Hagerstown 20 to 19. The game was exceedingly rough, two Hagerstown players and one Liberty man being put out of the game on account of fouls. At the start of the play this morning, Richmond, Sandusky, Greensburg, Modoc, Union City, Westport and Liberty remained in the running. Yesterday's scores follow: Sandusky, 48; Cambridge City, 15; Modoc, 31; Monroe, 24; Greensburg, 35; Clarksburg, 24; Richmond, 50; Rushville, 20; Westport, 29; Milroy, 25; Liberty, 20; Hagerstown, 19.

### RELEASE VERIFIED.

Washington, March 10.—A state department message from American ambassador in Spain verified the German government's previously reported intention to end the quarantine of the American Yarrowdale prisoners March 7 and release them. It did not show, however, that the release had actually been accomplished.

### Your Responsibility to Your City.

I have always tried to remember that this great land of the free was my land and that my state, New York, really did belong to me, also that Manhattan was my city—that I was a part of it and responsible to it in every way.

Of course such a responsibility necessarily rests more heavily upon the men's shoulders than it does the women's, because of their right of franchise. Nevertheless women can not shun their duty. And perhaps some of you, in other states, have the privilege of voting.

The other day Ethel, Baby, Mother o'Mine, and I went for a wonderful drive in our open machine. The day was clear, although a trifle cold, and we felt as though the fresh air would do all of us a world of good. First we went through the beautiful Central Park with its rustic lanes, lakes, fountains, monuments and statues. Then up the Drive along the beautiful Hudson river which tourists tell us is not rivalled by the historic Rhine itself. We passed "The Soldiers' and Sailors' Monument" and arrived at Grant's Tomb, a beautiful granite structure which overlooks the blue waters and the Palisades on the opposite shore.

"What a wonderful city ours is!"

### WILL BE TOLD, NOT TO RELAX IN FIGHT ON BOOZE

Continued from Page 1.  
it will organize the machinery in every county whereby the people may act intelligently in the election of dry delegates to the constitutional convention. This machinery will be absolutely necessary when the constitution goes to the people for ratification, for if prohibition is to win at that time, we must get more voters to the polls than the liquor interests do.

"This is a time for united action. There must not be a scattering of force and effort. We want you to know that we give to you and the other loyal workers, the honor of statutory prohibition, but also we place on you the fuller responsibility for the future of prohibition. We must have your close co-operation in the Indiana Dry Federation movement. See to it that every organization in your community lines up with this one great drive.

"We can win. We shall win. Victory will be the result of united action. Anything else will spell defeat.

"Already we have launched the organization work that will reach down to the last precinct of this state, and we wished you to know what is being done and that we are counting on you as a part of the allied forces. We shall be glad to have any suggestion you have to offer, and we trust that you will hold yourself in readiness to aid in the organization work of your community when called upon."

exclaimed Ethel as we stopped for some refreshments at a quaint little tea-room which mother recommended. "Do you know, it is seldom that we really appreciate the beauties and wonders at our very door. Thank you for the ride, Anita, for it has awakened a more or less dormant pride for my home within me."

Oh, friends, be loyal to your home town first of all, and appreciate whatever beauties and comforts it possesses. Take an interest in its welfare and its improvement, for you owe it the responsibility of citizenship. Your town may not be the finest in the country, nor the richest, nor the most important, but you can always do your part toward making it the best to live in and toward increasing its attractions. And the foundation for this must be a wholesome pride in it for what it already possesses.

## 14 Cent Corn

Fred Suhre of Columbus grew 530 bushels of shelled corn on five acres, or an average of 106 bushels per acre, at a cost of only 14 cents a bushel, and won the 1916 Corn Championship of Indiana.

### SUHRE FARM RESULTS, 1916

Corn fertilized with Swift's Fertilizer, containing ammonia, phosphoric acid and potash, produced an increase per acre over the unfertilized of 19 bu.

Corn fertilized with only acid phosphate produced an increase per acre over the unfertilized of 9 bu.

Additional yield per acre from ammonia 10 bu.

Norris McHenry, 1914 State Champion Corn Grower of Indiana, had the following results on two five-acre plots:

Where Swift's Fertilizer was used, the average yield per acre was 112.1 bu.

Where competitors' fertilizer was used, the average yield per acre was 93.1 bu.

Additional average yield per acre where Swift's Fertilizer was used 19 bu.

The results from the Suhre and McHenry farms prove that Swift's Fertilizers are the best, and that Swift's Fertilizer containing ammonia is the most profitable.

## Have You Heard Someone Say

"the Maxwell is no good?" Have you heard someone say "the rear axle is bad?" Have you heard someone say "the starter and the lights are 'punk'?"

Have you heard someone say a number of things of the Maxwell that are usually said of the things and persons taking the lead in the world?

Did you stop to think that maybe that someone was trying to get his hand in your pocketbook?

Think of yourself. Perhaps there are some people in the world that don't know as much about the situation as you do.

The Maxwell is abreast of the times. It has several improvements this year that it didn't have last. Perhaps these improvements have made it worse instead of better.

Come in and see for yourself. Don't take our word or anyone else's for it. We will show you the car and you will be the judge. We won't try to mislead you.

**We have the New Maxwell on Our Floor**

Phone 2132

Miss Dorothy Frazee and her house-guests, Miss Ingeborg Johnson, Miss Lucile Abel and Miss Clara Broadstreet, all students in Oxford college at Oxford, Ohio, Miss Phyllis Dean, Mrs. D. H. Dean and Miss Janet Dean attended the matinee of "The Follies" in Indianapolis this afternoon.

The esteem which the members of the Sunday school classes taught by the Rev. and Mrs. C. M. Yocum at the Christian church have for them was plainly manifested last evening by the beautiful party given at the home of Miss Ella Wilson in East First street honoring the joint birthdays of the two. The Rev. and Mrs. Yocum had been invited in to take dinner with Miss Wilson and Mrs. Wilhelm, together with Mr. and Mrs. Frank Sample and Mr. and Mrs. J. W. Worden of Shelbyville. While they were awaiting the arrival of another "guest," ninety-five members of the two classes, the Young Men's Circle and the Loyal Daughters class, came in making the most pleasant surprise for the guests of honor.

Yellow and white, the class colors of the Loyal Daughters, were used profusely in decorating the spacious rooms where the tables were arranged for the dinner. A canopy of strands of yellow crepe paper overhung the long dining table at which twenty guests were seated, with the Rev. and Mrs. Yocum at the head. Wide strands of the yellow paper also crossed on the table to form a design, the intersections being marked with yellow candles in crystal holders and hooded with yellow rose shaped shades. Each of the smaller tables was similarly decorated and lit with yellow candles. The center of the dining table bore a french basket of yellow flowers and near it was an immense birthday cake, bearing the number "34" in tiny yellow tapers. Immense bouquets of yellow flowers were in all of the rooms and floral bunches of yellow adorned the walls. The two course chicken dinner was extensive in menu, excellently prepared and beautifully served.

Mrs. Scott Hosier, the charming president of the Loyal Daughters, gave a short talk following the dinner in which she voiced the appreciation of the class for the work being done by Mrs. Yocum and spoke of the value of such pleasant gatherings. Errol J. Stoops, president of the Young Men's Circle, too, gave a few appropriate remarks, thanking the Rev. and Mrs. Yocum for their worthy work among the young people of the church. These talks were responded to with talks by the two guests of honor who heartily thanked their hosts and hostesses.

The evening following the dinner was spent in an informal way, some of the guests playing Rook and others engaging in conversation.

Social Calendar

Monday

Monday Circle, with Mrs. B. F. Miller at 501 North Morgan street, in the afternoon.

Tri Kappa sorority, with Miss Jessie Kitchen at 340 West Third street, in the evening.

Queen Esther Circle of St. Paul's M. E. church, with Miss Dorothy Sparks at 434 North Main street, in the evening.

Coterie Club, with Mrs. J. T. Paxton at 333 West Seventh street, in the afternoon.

Young Ladies Mission Circle of Christian church, with Deryl Case at 503 N. Main street at 7:30 p. m.

Several important business matters will be brought up at the meeting of the Queen Esther Circle of the St. Paul's M. E. church to be held with Miss Dorothy Sparks at her home in Main street on Monday evening. Every member is urged to be present.

The C. W. B. M. of the Plum Creek Christian church will meet next Wednesday afternoon at 2:15 o'clock at the home of Mrs. Lafe Johnson. Mrs. James Smith is to have charge of the program and all of the members are urged to be present.

Mrs. Phil Wilk entertained the dozen members of the Grand Club at her home in North Harrison street yesterday afternoon. Games of Bridge were the diversion of the affair and a delicious two course dinner was served by the hostess following the card games. Mrs. Frank Wilson will entertain the club in two weeks.

The children of the Young Ladies Mission Circle will entertain the members of the Circle at the home of Deryl Case in North Main street on Monday evening at 7:30 and are offering an unusually interesting and novel program to entertain the members. The numbers on the program follow: "Welcome Song" by Justine Green, Elizabeth Stewart, Louise Ann Henry, Judith Mauzy, Martha Wyatt, Mary Elizabeth Waggener and Viola Jay; scripture reading by Donald Dean; memory prayer by Deryl Case; song by Graham Pugh; song by the children; recitation by Cyrus Yocum on "There is Always Room at the Top;" song by Mary Elizabeth Waggener; song by Viola Jay; exercise by four little girls; exercise, "Five Little Squirrels," by five little girls. The four children members of the Circle who are entertaining are Mildred Boys, Viola Jay, Deryl Case and Cyrus Yocum.

At the meeting of the Tri Kappa sorority to be held with Miss Jessie Kitchen at her home in West Third street on Monday evening, the program on Indiana will be carried further with a paper by the hostess.

Fifteen members of the Friday Afternoon Embroidery Club were the guests of Mrs. Jack Knecht at her home in North Harrison street yesterday afternoon for a social afternoon together. The hostess served a delicious luncheon late in the afternoon.

Officers for the year beginning April 1, were elected by the Men's Bible class of the United Presbyterian Sunday school at the meeting held at the home of the Rev. John T. Aikin in West Seventh street last evening. The result of the election was: president, Wash Allen; vice-president, Hal Pike; secretary-treasurer, Dora Edwards; assistant teacher, T. M. Green; and teacher, the Rev. John T. Aikin. The business meeting, during which several matters were decided upon, was followed by a social hour. During this time, dainty refreshments were served to the members, there being 17 present.

A pretty dinner party was given by Mr. and Mrs. Will Martin at their home in Milroy yesterday at high noon when twelve of their friends were entertained. The color scheme of yellow and white was particularly attractive with spring flowers to carry it out. A basket of yellow jonquils embellished the center of the table and the places for the guests had cards bearing a design of yellow and yellow nut baskets. A sumptuous course dinner was served after which the guests played Rook. In the party were Mr. and Mrs. Frank Martin, and Mr. and Mrs. Walter Hite of Greensburg, Mr. and Mrs. Leroy Lines, Mr. and Mrs. John Booth and Dr. and Mrs. W. T. Lampton all of Milroy, and Mr. and Mrs. Frank Sefton of Milroy.

One of the social courtesies being extended to the three girls from Oxford college who are visiting Miss Dorothy Frazee was the dinner party given by the hostess at her home in East Sixth street last evening. The guests of honor were Miss Ingeborg Johnson, Miss Lucile Abel and Miss Clara Broadstreet. The dining table was prettily arranged with St. Patrick's Day favors and decorations and a bountiful three course dinner was served. A pleasant period followed when there were several musical numbers by the guests and later the company formed a theatre party for the "movies." Guests at the dinner aside from the guests of honor were the Misses Phyllis Dean, Kathryn Wooden, Kathryn Guffin, Kathryn Wyatt, Dorothy Sparks, Margaret Ball, Mary Louise Bliss, Helen Frazee and Lois Reeve.

A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

No. 1—The Soil, Water and Fertilizer Requirements of a Successful Home Garden

The damage done to garden crops by the recent widespread freeze has made it necessary for many owners either to replant gardens or to delay planting beyond the usual time. These gardeners whose outdoor schedules have been upset are under the necessity of doing everything they can to hasten their crops. The following suggestions regarding the principles and practice of gardening, the horticultural specialists of the U. S. Department of Agriculture believe, will be timely and helpful both to these gardeners and to others in localities where the planting season naturally is later.

The gardener who merely wishes to raise vegetables for his own family will do well, especially this year, to choose the crops he will grow from those which previously have done best in his special locality. The market gardener must bear this fact in mind, but also must study the market and anticipate its usual demand and determine as far as he can how this demand will be affected by any untoward weather conditions which may have occurred in his section.

Those who desire to produce early crops should bear in mind that a warm, sandy loam will produce an earlier crop than a heavier soil that retains more water and less heat. Frost is less apt to injure vegetables planted in low places or valleys into which the heavier cold air commonly

"Henry James, the Psychologist" is the subject of the lecture to be delivered by Prof. Jenkins in the library of the court house on Tuesday evening before the members of the Shakespeare Club and their guests.

Mrs. Harriet Gardner celebrated her eighty-eighth birthday on Saturday at her home in Buena Vista avenue. A number of her friends, in making the day very pleasant for her, gave a pitch-in dinner at her home. Bouquets of cut flowers adorned the rooms and pretty St. Patrick's favors used. The bountiful dinner was served to Mr. and Mrs. Horatio Sampson and family, Mr. and Mrs. Lot Sampson and family, Mr. and Mrs. D. E. Sampson of Arlington, Mrs. Miranda Kiplinger, Mr. and Mrs. Jerome Sampson, Mr. and Mrs. John Kiplinger and family, Mr. and Mrs. Bert Aldridge and family, Mr. and Mrs. Cleve Geise and family, A. L. Stewart, Mr. and Mrs. Louis Krammes, Mr. and Mrs. Willard Ray and family, Mrs. Hazel Plessinger and son Lowell, Mr. and Mrs. Will Trennepohl, Mrs. Fanny Rodenbaugh, Mrs. Mary Noble of Gwynneville, Miss Belle Bebout and nephew, William Waltermier of Shelbyville and Miss Marjorie Crim of Homer.

settles. The garden should be fairly level, but well drained. The crop will mature more rapidly on land that has a sunny, southern exposure than in other plots.

The essentials for successful gardening on a small or large scale are soil, water, and cultivation. Much depends also on the grower, the season, and the crops selected.

The soil is the storehouse of plant food. The garden, therefore, should contain humus or rotted material in large quantities. The gardener should remember that about 50 per cent of ordinary earth is not soil at all, but consists of air and water. Water makes plant food that is present freely soluble. Rain and snow water are soft and contain ammonia. The magic of soft water on the plant world is one of the miracles of good gardening, as everyone who has contrasted the effect of rain with that produced by sprinkling with a hose realize. Plants are succulent and contain large amounts of water which they have to draw from the soil.

The conservation of soil moisture is the most important reason for cultivating crops. The two other principle things accomplished by cultivation are the killing of weeds which draw moisture and plant food from the crops, and the aeration of the soil.

Too much stress can not be laid on the preparation of a good seed bed. A seed bed of fine tilth—made so by deep plowing, careful harrowing, and fining of the soil—is the foundation of good gardening. It is essential for the proper germination and growth of young plants. The soil must be friable and free from clods. A clod can hold no plant food in solution, the only form in which it is available for the plant. Good soil and fine tilth insure an excellent root system to plants. Upon the fine, hairy, fibrous, feeding roots, which are possible only in well-tilled soil, the plant depends for its stockiness and growth. The careful gardener will regard his whole garden as a seed bed and will cultivate and fertilize it accordingly.

Fertilizers, the plant food for the garden, should be carefully selected. Nitrogen, which stimulates leaf growth, is best supplied by turning under rich, well-rotted or composted manure, or rotting vegetable matter. Nitrogen also is supplied in such fertilizers as nitrate of soda and sulphate of ammonia, as well as in bone meal and tankage.

Potash tends to hasten the maturity of the plant, but also has a tendency to counteract the work of nitrogen. On this account those not experienced in using potash will find sulphate of potash better, or at least safe in most cases, than the muriate. On account of the disturbed commercial conditions one of the most available sources of potash is hard-wood ashes.

Plants need a balanced ration. If they are lacking in nitrogen, they show pale leaf and stunted plant form. Excess of nitrogen is shown by large leaf and plant growth with imperfect fruitage. If the plants lack potash, they will not be fruitful.

Sheep manure will hurry plants along more rapidly than most chemical fertilizers.

Administratrix Sale of Personal Property

The personal property of the estate of Marietta Poston, deceased, will be sold at public sale at the residence of decedent in New Salem, Indiana, on FRIDAY, MARCH 16, 1917. Sale begins at 12:00 o'clock noon.

The property consists of one general purpose work horse, harness, manure spreader, buggy, ladders and all kinds of household goods, consisting of beds, tables, stands, chairs, player piano, clocks, mirrors, stoves, bed clothing and kitchen utensils.

# Town Improvement

(Contributed.)  
"City Beautiful" Club.

Every town, no matter how small or how large, should have a "City Beautiful" club. This is an organization that is almost indispensable if a town is to be made attractive and kept so. It makes no difference how neat and orderly the citizens may be about their premises or the merchants about their business houses, there are bound to be a thousand and one things that need the attention of a special organization created for the purpose.

There never was a truer axiom coined than "What's everybody's business is nobody's business." This applies most forcibly to many things that tend largely to make or mar the looks of a town.

Now that the warm weather is coming on, the labors of the city beautifiers will be in great demand. Just now, after the ravages of the winter's storms, nature presents her most depressing aspect, and much attention will be required if she is to re-clothe the face of the earth in her original garments of beauty. Unsightly washes and gullies, filled up ditches and drains, accumulations of weeds and trash and leaves and twigs are to be removed, and nature given her fair chance to do her best.

It is in this capacity that the order loving women of the town show to advantage. Women always have a keener eye for beauty and harmony than men. They are more given to neatness and ordliness than men. Start out a committee of energetic women to supervising the cleaning up of a town and they will find nuisances and unsightly places of which the men had never thought.

Just here we would like to offer a

suggestion in connection with beautifying the town.

The problem of the vacant lot has always been the hardest one for the town beautifiers to solve. The average owner pays little attention to it, hence it invariably presents a neglected and desolate appearance. Now this season is going to see a demand for every dollar's worth of food products that this country can produce, and these vacant lots should, wherever possible, be turned to account to swell the output. Any kind of growing crop—corn, potatoes, vegetables—are far preferable to a coat of weeds.

When this is done, turn attention to the neglected back yards. You'll find many of them that now are refuse dumps, but that can be made places of beauty and usefulness.

Most towns are like some people. They will keep the main streets and buildings presentable, but the more obscure places and the back streets and alleys are neglected and permitted to fall into decay. Taken to task in the matter, the authorities often reply that strangers and visitors never see these places, anyway, so it doesn't matter. No, but we see them, which is worse. Strangers might see them and go away and forget them, but we must live with them, which is liable to breed neglect and disorder in ourselves. A man with a sore toe may know that it is hidden from the public, but he never forgets that it is there.

Always bear this in mind. The town will be beautiful or the reverse, just in proportion as its people are lovers of beauty and order, or the reverse. A beautiful and well kept home, with a foul alley in the rear and a neglected street in front, is a standing reproach to its owner. He should have sufficient pride to see that his surroundings harmonize with his possessions.

It's time to get busy in this town.

## DONNAN GIFT TO BE SHOWN ON MARCH 11

"The Spirit of Life" Will be on Display at John Herron Art Institute.

## IN MEMORY OF LECTURER.

The gift to the John Herron Art Institute in memory of Mrs. May Winters Donnan will be shown for the first time on Sunday, March Eleventh. It has been the privilege of those to whom Miss Donnan's life is a lasting influence to present to the Art Institute a work of art of distinguished merit. This figure, "The Spirit of Life" by Daniel Chester French, is the bronze cast of the artist's own model for the Trask memorial at Saratoga Springs.

It will be remembered that, for many years before her death in 1913, Mrs. Donnan conducted literary classes in Indianapolis and various other cities including Rushville. From small beginnings, her classes increased rapidly in size and members and she became such a force for literary ideals that all lovers of good books are indebted to Mrs. Donnan, whether by direct instruction or radiated influence.

Far more than any accomplishment, however, was her own exemplification of all that is gracious, beautiful and sincere, and it is exceedingly fitting that the memory of one so worthy to be loved should be enshrined in the exquisite beauty of "The Spirit of Life."

## GASOLINE WILL BE HIGH

(By United Press.)

Washington, March 10.—Congress was too busy with other things to look into the price of gasoline as suggested by Representative Steenerson's resolution in the House; and in consequence automobile owners probably will pay a good stiff price for their gas again this year. Thousands of cars were kept in their garages last year because gas was too high; and unless a substitute is found or prices come down they probably will stay there this year too.

Indianapolis—Indiana cities today observed "Orange Day" in connection with the national movement to advertise the fruit.

## Obituary

Sarah Jane Stewart, eldest daughter of Robert and Jane Stewart was born at the Stewart homestead in Orange township Rush Co., Indiana, July 30, 1839.

At the age of nine years she was called upon to give up her mother and shortly after this removed with her father to Ohio where she remained for only a short time, then returning to the Stewart home where most of her life was spent. Her father, step-mother, one brother and one sister having preceded her to the better land she has since made her home with her niece, Mrs. Perry Gosnell and family, and moved with them to their present home in September 1905, and it is in this home that she will be missed the most.

She departed this life March 1st, 1917, aged 77 yr. 7 mo. 1 da.

She leaves to mourn her, one brother Samuel Stewart of Rushville, four nieces, Mrs. Perry Gosnell, Mrs. George Green of Richland, Mrs. Frank Dugan of Shelby county and Mrs. Nannie Young of Indianapolis, two nephews, Robert Stewart of Shelbyville and Guy Stewart of Indianapolis, besides a number of other relatives and a large number of friends.

The writer of these brief words can honestly say "I know of no one who leaves so few enemies." For although Aunt Sally lived a quiet unassuming life she was extremely generous, living not for herself but always for others.

Miss Stewart was a life long member of the United Presbyterian church of Milroy, but when unable to attend services at her own church, she enjoyed going to the church near her home where she was a faithful member of the Ladies Aid society and was always ready to help support the church with her earthly means.

Let us not say "she is dead" but rather, "she has gone to a better home and is now reaping her reward as a faithful servant."

The Twenty Third Psalm was her favorite, the closing words of which we quote "Surely goodness and mercy shall follow me all the days of my life and I will dwell in the house of the Lord forever. 308t1f.

Crawfordsville—Students of Wabash college tonight will hold the annual formal dances of the National Fraternities.

## H. C. L. WAS MORE 600 YEARS AGO

University of Washington Professor Shows Wages Were Small in 14th Century.

### FOOD STUFFS WERE CHEAP

But Man Could Not Make His Money go as Far Then as Now, he Argues.

(By United Press.)  
Seattle, Wash., March 10.—A carpenter in the fourteenth century received a wage of only 12 cents a day, against \$4.50 today. Yet the cost of living was, relatively, higher than it is today.  
The statement is that of Professor R. M. Garrett of the University of Washington, who also recites a list of food costs taken from the accounts of the expenditures of the Earl of Derby, later King Henry IV of England, as he was about to embark in 1390 on a campaign against the Luthuanians.

A carpenter, in those days, for his daily wage of 12 cents could buy one pound of butter, two pounds of cheese, a pound of salt two pounds of flour, one dozen and a half of eggs, a chicken and a pound of rice. A carpenter of today would have to pay \$2.60 cents for this bill of goods but it wouldn't eat up his entire daily wage, as it would that of the carpenter of 1390. The later carpenter would still have \$1.90 left. So, argues Prof. Garrett, while the worker of today pays more for necessities, he gets much more comparatively, for his labor. So the times are better.

In 1390 eggs were nine cents a gross. The Earl of Derby paid 30 cents for 300 eggs that today would cost him \$12.50 to \$14.00. For 14 pounds of butter, that would now cost him \$7, he paid a shilling, or 25 cents. Rice brought by way of Venice from the east cost 10 pounds for a shilling. It costs a dollar today.

The one shilling exception to the general rise in prices that has occurred since that time is sugar. In 1390 36 cents a pound, and now it retails at 8 cents. Here are some other prices, taken from the Earl of Derby's accounts:

A fine white horse, \$25; ale, 2 to 4 cents a gallon; best wine, 5 cents a quart; mutton, 65 cents a carcass; beef, \$3.75 to \$7.50 a carcass; vinegar, 10 cents a gallon; dates 7 cents a pound; blankets, 32 cents a yard.

### WHAT-YOU-MAY COLUMN

BY "GM."  
We are tired of being idiotic. It's so blithering silly.

One can be entertainingly brainless up to a certain point, but beyond that one is merely annoying.

We had thought today to diagnose the toy terrier, that nickel's worth of dog with a million-dollar pedigree, which wags a warped lead pencil on one end and sports a nervous nose on the other. But that did not appeal to us.

Then we considered the porcupine; and figured out a fetching line about his being the original apostle of preparedness because he trains his hair for home defense. But we tried it on the office boy, and he didn't laugh, so we set that subject aside. We tried some other things, but they were just as useless.

There are times when even a professional fool can't do a good job of it.

### "SAVE THE BABIES."

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

Among things which are bad for all babies are: Pacifiers, thumb sucking, soothing syrups, patent medicines, whiskey or gin for supposed colic, dirty playthings, dirty nipples, dirty floors, waterproof diapers except for temporary use, moving picture shows. Tomorrow there will be additions to this list of things which are bad for all babies.

## WHO WANTS TO FIGHT?

WE DON'T! NOR DO WE WANT YOU TO.

If everybody goes to war, we will have to quit business. You'd take your coats and suits with you, but—

**In This Day of High Prices it is to your Interest to Make That Suit Last as Long as Possible.**

### ADD TO THE LIFE OF YOUR GARMENTS

## BIG CANADIAN LOAN WILL BE FLOATED

Hundred Million Dollars Worth of Bonds Expected to be Offered Very Soon.

### IS THIRD ONE TO BE OFFERED

(By United Press.)  
New York, March 10.—A hundred million dollars worth of Canadian government 5 per cent, 20-year bonds, payable either here or in Montreal in gold dollars, are expected to be offered on the New York market within the next 48 hours.  
This \$100,000,000 loan will be the third of the kind Canada has offered in the United States since the war began. It is understood a fourth loan of the same size may be asked within the next few months. Of the first loan \$25,000,000 and of the second \$30,000,000 worth of the bonds were placed in the United States. Canadian bonds always have been popular with United States investors and usually are over subscribed.

### "BUS" OUTLAW HORSES.

(By United Press.)  
Fort Worth, Texas, March 10.—Some of the toughest "outlaw" horses in the country are due to get "busted" during the National Feeders and Breeders Show, which opened a week's session here today. Real buckers have been imported from all parts of the west and southwest for the championship events, in which the best men and women riders will participate.

Ford

THE UNIVERSAL CAR

320,817

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

## MAY FIRE ON SUBMARINES UPON SIGHT

American Armed Merchantmen Will  
be Empowered to Turn Loose  
Guns on U-Boats

### INTERPRETATION OF THE LAW

Opinion by Authority on Interna-  
tional Statutes Brings War  
Possibility Nearer

### CLASH SEEMS INEVITABLE

Neutral Ships May Presume There  
Will be No Visit and Search  
by German Craft

(By United Press.)

Washington, March 10—American  
armed merchantmen will be empow-  
ered to fire on Teutonic submarines  
upon sight.

The state department made this  
plain today in declaring that neu-  
tral ships can presume that there  
will be no visit and search by Ger-  
man submarines inasmuch as Ger-  
many has served notice on the  
world that she will disregard this  
mandate of international law.

By firing first American merchant  
ships will lose immunity from at-  
tack by submarines, according to  
a view of an international law expert  
here. This means that the bars are  
down, and that "real fighting may  
be anticipated," he said, "unless Ger-  
many changes her avowed view and  
shows leniency towards American  
ships."

That statement means American  
ships will take no chances with the  
German vessels. Sight of a German  
submarine will be sufficient to justify  
American ships in turning loose the  
power of their guns.

This interpretation brought the  
possibility of war extremely near.

Germany declared that she had  
spoken her last word, that she will  
go ahead with her submarine cam-  
paign.

If that is true—and the govern-  
ment has no official reason to doubt  
it—it is taken officially to indicate  
that sooner or later a clash between  
a submarine and an armed merchant  
ship is inevitable.

The navy department today screw-  
ed down the censorship lid on the  
question of armament of merchant  
vessels.

## SAYS GERMAN AGENTS LEVIED WAR TAXES

Federal Secret Service Men Declare  
One "Assessor" Confesses Part  
in Transaction

### MILLIONS ARE COLLECTED

(By United Press.)

New York, March 10.—Federal  
agents investigating alleged German  
plots today declared they have evi-  
dence that accredited German  
agents have been levying war taxes  
on German subjects in the United  
States for more than a year. One  
of these German "assessors," the  
agents declared, had told them his  
part in the collections. Millions of  
dollars, the agents believe have  
been collected.

The agents also said they were  
trying to discover if approximately  
\$5,000,000 collected through bazaars  
and fairs for the German Red Cross  
really reached that organization.

The sale of the George Smalley  
livery stock today attracted a large  
crowd. Good prices prevailed.  
Twelve head of horses were in-  
cluded in the sale.

### TO CHANGE THEIR LOCATION

Clark and Caldwell Will Have Ser-  
vice Station in Connection

The automobile agency of Clark  
and Caldwell will move soon from  
the room in First street with the  
Cowing harness store, two doors  
west into the Stewart room on the  
alley. Extensive improvements are  
being made so as to convert the  
room into a modern sales and show  
room and garage. Clark and Cald-  
well will employ a skilled mechanic  
so as to make their agency a ser-  
vice station for the machines which  
they sell.

## HILBERT AND WIFE ARE GIVEN FREEDOM

Orange Couple Accused of Causing  
Death of Russel J. Hilbert,  
Age 7, Released

### ARRESTED TWO WEEKS AGO

Herman Hilbert and his wife,  
Lillian Hilbert, of near Orange, who  
were arrested two weeks ago follow-  
ing the coroner's investigation of the  
death of Russel J. Hilbert, age 7  
son of Hilbert and step-son of the  
woman, were released in Conners-  
ville last night on order of Judge  
Raymond Springer of the Fayette  
circuit court. Judge Springer was  
advised by L. A. Kline, foreman of  
the grand jury, that the investiga-  
tors had failed to return an indict-  
ment. Mr. and Mrs. Hilbert were  
released from jail at six o'clock  
last night and went immediately to  
their home.

The grand jury has been conduct-  
ing a probe into the Hilbert boy's  
death since last Monday. This af-  
ternoon Chemist R. P. Noble of In-  
dianapolis was summoned to appear  
before the jury. He and Coroner  
Cooper were inside the secret cham-  
ber for an hour and upon their re-  
appearance the jury's decision was  
announced. Chemist Noble had  
been making an exhaustive test of  
the Hilbert boy's stomach. It is not  
known whether the chemist found  
strychnine in the stomach.

## PLAN TO SEE MANY FARMERS SPOILED

W. H. Deboer Called to Indianapolis  
Last Night and Unable to Make  
Contracts Today

### MANY FAVOR CATSUP FACTORY

The news that Reid, Murdoch and  
company would erect a catsup fac-  
tory here if the farmers would co-  
operate by agreeing to grow the to-  
matos caused many favorable com-  
ments last night and today. Farmers  
came to Rushville today with the  
expressed purpose of seeing W. H.  
Deboer, the representative, to learn  
if they could contract to raise a  
crop of tomatoes. Local grocers  
who are familiar with Reid, Murdoch  
and company declared themselves  
willing to do all they could to fur-  
ther the plan because they realized  
that it would be a stable industry in  
Rushville which would benefit far-  
mers and the city of Rushville alike.

Mr. Deboer had expected to be  
joined here today by Mr. Lowe, an-  
other representative of the company  
and the two had planned to see a  
number of farmers at the public  
sale at George Smalley's livery barn,  
but an unexpected telephone call  
caused them to change their ar-  
rangements. Mr. Deboer was called  
to Indianapolis last night and had  
not returned yet at noon today.

Grocers today told their customers  
of the value of the industry em-  
phasizing the worth of Reid, Mur-  
doch and company, a \$5,000,000 cor-  
poration.

## INJURIES FATAL TO AGED WOMAN

Mrs. Amanda Hilligoss, Age 73,  
Dies This Morning After Being  
Struck by Train

### ACCIDENT ON PENNSYLVANIA

Mrs. Hilligoss Struck While on  
Fifth Street Crossing Near  
Her Home Last Night

Mrs. Amanda Hilligoss, 73 years  
old, was fatally injured last night  
when hit by the northbound passen-  
ger train on the Pennsylvania rail-  
road at the Fifth street crossing.  
The accident occurred about seven  
o'clock and Mrs. Hilligoss died this  
morning at two o'clock.

Mrs. Hilligoss, who lived in the  
first house west of the railroad on  
the south side of Fifth street, had  
been to the McKee grocery and was  
returning home. She was walking  
on the west side of the crossing and  
evidently believed she was out of  
danger. It is believed that the  
heavy bar on the front of the engine  
which extends out on both sides  
several inches struck her.

She was hurled several feet to  
one side of the track. She sustain-  
ed cuts and bruises on one side of  
her face and one hand was badly cut  
and bruised. Mrs. Hilligoss was  
conscious for some time after the  
accident and while she seemed to  
realize that something had happen-  
ed, did not offer an explanation. She  
complained greatly of the pain in  
her chest and while she may have  
sustained a slight fracture of the  
skull, her death was probably caused  
by the internal injuries.

The train crew was not aware of  
the accident and did not know the  
train had hit Mrs. Hilligoss until  
Falmouth was reached where the  
engineer was told of the accident.  
Will Redman and J. B. Pusey wit-  
nessed the accident. They saw Mrs.  
Hilligoss crossing the street and be-  
lieved she saw the train and was off  
of the right-of-way. The men at  
first thought she was dead. Mrs.  
Hilligoss revived shortly and was  
carried the short distance to her  
home.

Mrs. Hilligoss was the widow of  
the late Thomas Hilligoss and is  
survived by three children, Mrs. Gil-  
bert Meredith of Miami, Florida,  
Claude of this city and Clarence of  
Detroit, Mich. She is also survived  
by one brother, William Jones of  
near Marion.

Mrs. Hilligoss had lived in this  
city practically all of her life and  
was widely known. Her untimely  
death came as a great shock to a  
large circle of friends and relatives.

The funeral services will be con-  
ducted Monday afternoon at two  
o'clock in the St. Paul's M. E.  
church by the Rev. W. M. Whitsett  
and burial will take place in East  
Hill cemetery. Friends may view the  
remains Sunday afternoon or Mon-  
day morning.

## STEALS 3 CASES OF WHISKEY

Thief With Taste For Liquor Breaks  
Into C. I. & W. Freight House

Local police and the C. I. & W.  
railway detectives are after a thief  
who evidently likes whiskey and  
plenty of it. The robber took three  
cases of whiskey from the C. I. &  
W. freight house here the first of  
the week. The three cases, amount-  
ing in all to about 36 quarters of  
whiskey, were being transferred  
from another railway to the C. I. &  
W. and while awaiting shipment were  
stolen. The police have been look-  
ing all week for a bunch of drunks  
or several men with awful headaches  
but this evidence is missing and the  
party evidently hasn't been pulled  
off.

## SERUM PLANT MAY BE REORGANIZED

Meeting of Stockholders Will be  
Held at Milroy Monday After-  
noon to Discuss Plans

### CALLED BY CLYDE KITCHIN

He Urges That Men Who Invested  
Money Protect Interests and  
Try to Make Company Pay

A meeting of the stockholders of  
the defunct National Serum com-  
pany has been called for Milroy  
Monday afternoon at one o'clock.  
This is the company that purchased  
seventy acres of land south of  
Rushville and had started the erec-  
tion of one building before being  
thrown into the hands of a receiver.  
Clyde Kitchin of Milroy, one of the  
stockholders, has called the meet-  
ing.

It is proposed to discuss plans  
in regard to reorganization of the  
company. Mr. Kitchin states that  
there are 225 stockholders of the  
company and several plans will be  
submitted whereby the company can  
be placed back on its feet, complete  
the buildings and make the serum  
plant a success.

Many farmers in this county are  
interested in the serum plant and  
the idea back of the proposition was  
always considered a good one. It  
was proposed to sell the serum di-  
rectly to the farmers and the far-  
mers who were stockholders obtain  
the serum at a minimum cost.

The sale of 225 shares of stock  
would represent receipts in the sum  
of \$22,500 and many people wonder  
what became of all of this money.  
The sum of \$14,000 was paid for the  
land and a mortgage for \$11,000 is  
outstanding. Mismanagement of the  
financial affairs of the company is  
said to be evident.

Stockholders here believe that the  
company can be put on a paying ba-  
sis and means to this end will be dis-  
cussed at the meeting Monday. The  
contractor, who had charge of the  
erecting of the building for the  
plant, has told several stockholders  
that he would be willing to complete  
his work at a cost that would give  
him no profit but at the same time  
let him out even on the work.

The letter sent out by Mr. Kitchin  
is as follows:

"I find on investigating that the  
National Serum company is in the  
hands of a receiver and as a stock-  
holder in this company and having  
talked with a few other stockhold-  
ers, I have decided to call a meet-  
ing of all the owners of stock in  
the company that I can get, there  
being about 225. If you know of  
anyone that I have missed, tell them  
to come and we will discuss what to  
do in regard to reorganization or  
protection of our interests.

This meeting will be held in Mil-  
roy, Ind., Monday, March 2, 1917,  
in the M. W. A. hall at one o'clock  
prompt.

"Trusting your interests in this  
organization will merit your pres-  
ence, I am

Respectfully,  
"CLYDE W. KITCHIN."

## DENIES THAT HE WAS KILLED

Lige Pea, However, is Slightly Hurt  
at Big Four Bridge

Lige Pea was not killed this morn-  
ing as rumor would have had it, but  
he was severely hurt. Pea was  
working on the Big Four bridge  
south of the city and at the time  
was pulling on a rope. The rope  
broke and Lige fell to the ground,  
striking his head with great force.  
He was rendered unconscious for  
some time but is not believed to be  
badly hurt. It was rumored that he  
had been killed or very badly hurt  
and doctors rushed to the scene.

## YAKY AND CAVITT TESTIFY

Local Officials Appear Before Fay-  
ette County Grand Jury

Sheriff Cavitt and Chief of Police  
Yakey were in Connersville this af-  
ternoon where they appeared before  
the Fayette county grand jury now  
in session. The local officers were  
called on the case involving the two  
colored women, arrested here and  
charged with highway robbery. The  
arrest was made here and the local  
officers assisted in searching the two  
women, finding money. Literally  
scattered all over them. The women,  
it is claimed, knocked a man down  
and robbed him of \$70.

## S. G. HUNTINGTON TO LEAVE HERE APRIL 1

Pastor of First Baptist Church Re-  
signs to Become Superintendent  
of Northern Indiana

### HERE THREE AND HALF YEARS

The Rev. S. G. Huntington has  
resigned as pastor of the First Bap-  
tist church, his resignation to take  
effect April 1. He has been ap-  
pointed superintendent of the north-  
ern Indiana district by the Baptist  
state board, which is a promotion  
for him and a recognition of his  
ability.

The Rushville church has two or  
three applicants in view for the pa-  
storate and expects to have the Rev.  
Mr. Huntington's successor appoint-  
ed by April 1. The retiring pastor  
came here from Waldron October 1,  
1913 and during his ministry the  
church has thrived and grown. Only  
recently a new house of worship was  
erected at a cost of approximately  
\$15,000.

The Rev. Mr. Huntington's new  
duties will consist of finding pas-  
tors for unfilled pulpits, finding  
pastorates for unemployed minis-  
ters, holding church institutes and  
conducting evangelistic campaigns.  
He will go to Hammond March 18 to  
hold a revival at the Baptist church  
there, which has a \$70,000 church  
home.

## FIRST STEP TAKEN TO CONSOLIDATE SCHOOLS

Petitions Filed in Circuit Court Ask-  
ing Appraisers to Fix Value  
of Land Needed

### THREE ACRES ARE REQUIRED

The first actual step of Rushville  
school township towards building a  
new \$30,000 consolidated school and  
combining four school districts was  
taken today when petitions were  
filed in circuit court to have land  
appraised for school purposes. The  
suits are directed against Thomas  
Sullivan and Alva Webb.

The present site of the Webb  
school will be used and in addition  
to that ground the township desires  
1.128 acres from both Sullivan and  
Webb. This will give about three  
acres of land for the building and  
playgrounds.

The court is asked to appoint a  
set of appraisers who will in turn  
fix a value on the land. The con-  
demnation proceedings are neces-  
sary under the law. The state board  
of health recommended that this  
amount of ground be used for the  
school.

One of the series of five big  
meetings will be held at the Epworth  
League at the St. Paul's M. E.  
church tomorrow evening at 8  
o'clock. George Wiltse is to lead,  
there is to be a solo by Miss Mary  
Louise Bliss, a duet by Miss Kath-  
ryn Giffin and Miss Kathryn Wood-  
en and talks by Miss Harriet Smith  
and Miss Frances Drake. Everyone  
invited.

## NOT TO RELAX IN FIGHT ON BOOZE

Dry Organizations in State Will  
Work for Prohibition in New  
Constitution

### REASON FOR LEAGUE'S WORK

Anti-Saloon Organization Will Have  
Speakers in Every Church in  
Rush County Sunday

The avowed purpose of the In-  
diana Anti-Saloon League is to stay  
in the field as an active organization  
not only until the fight is won to  
write prohibition into the state  
constitution, but also afterwards  
to act as a spur to officials who  
might tend to be lax in their enforce-  
ment of the temperance laws.

That is the reason tomorrow will  
be Anti-Saloon League day in the  
churches of Rush county. The league  
will be represented by one  
speaker in every pulpit in the  
county tomorrow, in so far as such  
a thing is possible. At one of the  
services in Rushville tomorrow, a  
representative of the league will  
speak.

The league has let it be known  
that it will continue the fight to  
make prohibition in Indiana a per-  
manent thing. Working to that end,  
the league will be one of the agen-  
cies which will fight throughout the  
state for delegates to the constitu-  
tional convention next January who  
are favorable to state wide prohibi-  
tion. Once prohibition is made a  
part of the state constitution, it will  
be taken out of state politics. So  
long as there is nothing more than  
a state wide prohibition law on the  
statutes books it is pointed out, agi-  
tation can be renewed every two  
years at the meeting of the legisla-  
ture for repeal of the law.

The Indiana Dry Federation, a  
combination of all the organizations  
working for temperance, has sent  
out a form letter announcing that it  
will remain an active and aggressive  
body until prohibition is incorpor-  
ated in the state constitution. The  
Anti-saloon League is affiliated with  
the dry federation.

"The wisdom of this action,"  
says the dry federation letter, re-  
ferring to the announced determina-  
tion to continue the fight, "is in-  
dicated by the activities of the li-  
quor interests at this time. They  
are turning heaven and earth to get  
together, not only to block effective  
prohibition through other bills sub-  
mitted to the legislature, but to  
control the constitutional conven-  
tion and beat the prohibition issue  
when it goes to the people for final  
approval.

"The fight has just begun. Thanks  
to the wonderful support you gave  
the movement, the first contest has  
been won by the people. But if any-  
one has dreamed that the mere pas-  
sage of a prohibition bill by this  
legislature ends the contest—then it  
is time to wake up.

"The people of this state won this  
victory. They won because they  
were afforded the machinery where-  
by they could make themselves ef-  
fective. The telegrams, wires, peti-  
tions, the delegations, and most of  
all the demonstrations which you  
made in Indianapolis where time and  
again the state house was filled  
with determined advocates of pro-  
hibition—these were the things that  
won the battle, and these won only  
because the people had an organiza-  
tion whereby the volunteers of one  
county could know what the volun-  
teers of another county were doing.  
There was intelligent co-operation  
of all the forces and it is only by  
this sort of co-operation that the  
final victory will be won.

"The Indiana Dry Federation is a  
permanent fixture until the final  
victory is won. It is inviting every  
organization interested in prohibition  
to join in this great campaign. It  
is asking the co-operation of every  
individual and every organization in  
the state.

## CLAIM AGAINST DALE ESTATE COMPROMISED

Mrs. May Dale is Given \$1,500 and \$50 Attorney Fees—Original Demand \$3,120

### MAY CHANGE WINSHIP CASE

By agreement this morning in circuit court Mrs. May Dale was given judgment for \$1,500 and \$50 attorney fees on her claim against the estate of the late Sallie A. Dale. Mrs. Dale originally asked \$3,210.

The claim of Mrs. Alma Winship against the estate of her late husband, Jesse T. Winship, will be sent from the county if the court acts favorably on a motion that was filed this morning. The motion for a change of venue was filed by Rush G. Budd, executor of the will.

The suit of the Gallion Iron Works against Walter C. Reinheimer and the Federal Union Surety company, on a bond, was dismissed and the costs paid.

## WILLIAM GEORGE IS DEAD NEAR NEW SALEM

Well Known Noble Township Farmer Expires at His Home Friday Night at Age of 73

### LIVED IN COUNTY 18 YEARS

William George, 73 years old, a well known resident of Noble township, died last night at his home near New Salem, following a long illness from a complication of diseases. Mr. George had been in a serious condition for the past two weeks and his death was expected. Mr. George was a native of Franklin county and moved to Rush county eighteen years ago, first locating in Richland township. For the past thirteen years he had lived in Noble township.

He is survived by his widow and seven children, E. O. George of Richland; Chester M. George, county superintendent of schools; Mrs. Bert Heaton of Noble township; A. H. George of Richland; F. C. George of New Salem; R. E. George of Omaha, Neb.; and Earl W. George of Farmland, Ind. He is also survived by one sister, Mrs. Sarah Colter of Milroy and one brother, John F. George of Fairmount.

The funeral services will be conducted Monday morning at ten o'clock at the late residence and burial will take place in the Richland cemetery.

### SAVE THE BABIES.

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt of Columbia University and Dr. Henry L. K. Shaw of Union University.

Supper for a child two to three years old should be served at 5:30 p. m. It should consist of a well cooked cereal or bread and milk; or bread and butter and cocoa, and stewed fruit or applesauce. Give him also a glass of warm milk. Do not give the child anything to eat between meals. Be sure that he has several drinks of water during the day.

## HOG PRICES PASS THE \$15 MARK TODAY

New Level is \$15.35, a Gain of From Thirty to Forty Five Cents Over Yesterday.

### GRAIN PRICES VARY LITTLE

Hog quotations reached a new level today when \$15.35 was reached, a gain of from 30 to 45 cents over yesterday's.

Grain varied only a little. May wheat in Chicago was one cent lower, but July went up a quarter of a cent and September was up a half. May corn declined a half cent; July, seven-eighths; September one-eighth. May oats was a half cent lower and July was down three-quarters.

Indianapolis wheat declined a cent and corn was off a half cent. Oats went down a half cent.

## Personal Points

—Vern Norris spent yesterday in Richmond.

—Walton Patton of Milroy spent Friday here.

—Charles Carr of Homer was a visitor here yesterday.

—C. A. Tourtellat of Indianapolis spent Friday in this city.

—Ed Logan of New Salem was a business visitor here yesterday.

—Mrs. John G. Beale and daughter visited in Indianapolis today.

—Ed George of Andersonville attended to business here yesterday.

—William Arbuckle of Homer spent Friday in this city on business.

—Roscoe Titworth of Orange made a business visit here yesterday.

—M. K. Christy and C. Bartholomew of Detroit, Mich., are here on business.

—Mrs. Willard Amos and Mrs. O. M. Harton were Indianapolis visitors today.

—Miss Georgia Morris went to Indianapolis this morning for a short visit.

—Mrs. J. D. Case and son, Deryl, and Mrs. Wilford Grindle spent the day in Indianapolis.

—Mr. and Mrs. Will M. Frazee and son, William, were visitors in Indianapolis today.

—Mrs. Sam Anderson and sons of Clarksburg were the guests of relatives here yesterday.

—Miss Ida Laughlin went to Indianapolis this morning to spend the week-end with friends.

—Miss Mary Amos is the guest of Mrs. Lenoard Roberts of Indianapolis for several days.

—Miss Hannah Foster and son have gone to Westport for a visit of two weeks with her parents.

—Mr. and Mrs. J. W. Worden of Shelbyville are spending the week-end with relatives in this city.

—Mrs. Alfred Senior of Terre Haute is visiting her father, S. B. Anderson, and family south of the city.

—Dennis Fitzgerald of Kokomo returned to his home today after a weeks visit with relatives in this city.

—Mr. and Mrs. W. O. Walton and daughter Florine went to Greenfield yesterday to spend the week-end with relatives.

—Leo Mullins, who has been spending the past few weeks with relatives in this city, will return to Anderson tomorrow.

—Miss Marian Scholl, who is attending DePauw university at Greencastle, arrived yesterday afternoon to spend the week-end with her parents, Mr. and Mrs. J. H. Scholl.

## Local News

—Miss George Anna Schmidt of Indianapolis, formerly of this city, is spending the week-end in this city with friends.

—Mrs. W. F. Barlow has returned to her home in St. Paul after a weeks visit with Mrs. S. G. Huntington of this city.

—Mr. and Mrs. Orville Hill of Freeport will visit the latter's parents, Mr. and Mrs. Will Gessler, of Second street, over Sunday.

—Mrs. Emma Talbert and Miss Lucy Inlow went to Indianapolis yesterday afternoon to spend a week as the guests of Mrs. Huber.

—Miss Jean Sparks and Miss Phyllis Casady spent the day in Indianapolis and attended the matinee of "The Pollicies" this afternoon.

## 3 ON BLOOMINGTON FORCE DISCHARGED

**Superintendent of Police Declares He Has Refused to Pay Tribute to Mayor Harris**

### ASSIGNS THAT AS THE CAUSE

(By United Press.)  
Bloomington, Ind., March 10.—John Hensley, superintendent of police, Tod Davis, night superintendent, and Patrolman Flinn were discharged today by the board of police commissioners. Hensley immediately issued a statement in which he charged he had refused to continue paying tribute money to Mayor John J. Harris.

Hensley charged that when the mayor lured him it was with the understanding that he was to pay the mayor at the rate of \$100 a year. He said that he had already paid \$250 but refused to pay any more because the mayor owes him money.

## POLICE FORCE IS INDICTED

**Alexandria Officers Accused of Not Performing Duties**

Alexandria, Ind., March 10.—This city's police force was arrested today on charges returned by the Madison county grand jury. S. E. Doughoo, chief, is accused of failing to perform his duties and with visiting a disorderly house. Three patrolmen—David Bendict, Charles Sheley and Frank Thompson are charged with failure to perform their duties.

Havana, March 10.—A detachment of American marines was reported here today to have occupied the city of San Luis, thirty miles from Santiago. It was expected the American forces would remain there until arrival of the Cuban government troops. Then they will return to Santiago.

## Amusements

The Lyric will show the three reel drama "The Demon of Fear" for the first picture tonight. Anna Little is featured and it is said to be a thrilling drama. The second is entitled "The King 'O Make Believe" in which Crane Wilbur is featured. The last picture on the program is a comedy "Just for a Kid." Monday the three act drama "The Toilers of the Sea" will be shown.

The Princess offers the feature picture "Little Miss Happiness" for the program tonight. June Caprice and Harry Hillard are featured. Wanted by nobody, she creeps into the quiet of Lucy White's home and causes the village gossips to raise their hands in horror. There are many funny situations. Robert Warwick will be seen Monday in the feature drama "The Heart of a Hero."

The Gem will show the usual three pictures tonight. The first is a drama "The High Diver's Curse" in which Dan Russell is featured. The second is entitled "The Shadow" and the last "When He Came Back." The attraction at the Gem Monday night will be "The World and the Woman." Jeanne Eagles is the star. It is an unusual absorbing study of the soul of a woman of the streets. A tipsy man's wager brings the girl as a servant to the mountain bungalow of a Broadway spendthrift. The story deals with her fight to climb back up the social ladder.

## HEARS "STRANGER" IN AIR

**U. S. Experts Declare Mexico Has Wireless to Reach Germany**

(By United Press.)  
Laredo, Texas, March 10.—Wireless experts of the United States army along the border declare that despite denials from Mexico City the Mexicans have in operation a wireless station powerful enough to communicate with Berlin.

Operators tell of hearing a "mysterious stranger" in the air in the past month.

## ARMS PLANT IS SET ON FIRE

**Savage Company Buildings' Damage Thought Work of Incendiary**

(By United Press.)  
Utica, N. Y., March 10.—The Savage Arms plant here where Lewis machine guns are manufactured by the allies was damaged early today by fire believed to have been of incendiary origin. Investigation has been started.

## GERMAN OFFICERS FINED

**Eight Men Who Sunk Their Vessel Also Sentenced to Prison**

(By United Press.)  
Florence, S. C., March 10.—The eight under officers of the German freighter Liebenfels were today sentenced to one year in the federal prison at Atlanta and fined \$500 each on the charge of having sunk their vessel in the Charleston harbor when diplomatic relations were broken with Germany. Notice of appeal was given immediately and bail was fixed at \$6,000 in each case.

## SPECIAL SESSION TO ADJOURN IN FEW DAYS

**Senators Want Breathing Spell Before Congress Meets Again on Monday April 16**

### A FEW TASKS BEFORE THEM

Washington, March 10.—The special session of the senate will adjourn Tuesday or Wednesday.

Senator Chamberlain said today that members of the senate were practically unanimous in their efforts to get away from Washington for a breathing spell before returning to the extra session April 16. Senator Fletcher also predicted an end by Wednesday.

"We have eight nominations to confirm and the Columbian treaty to ratify," said Chamberlain. "I believe these things will be attended to Monday or Tuesday. I do not look for any opposition to any of them."

## TOO MANY NEGROES.

Philadelphia, March 10.—More than 25,000 negroes have settled in Philadelphia in the last six months and the city government doesn't know exactly how to meet the problem of congestion in their section of the city. Small flats are housing as many as five and six families. The influx is said to be due to the fact that the negroes think they will be more cordially received here than in other American cities.

## CHICHESTER'S PILLS

## Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water  
before breakfast to wash  
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

A  
DENTISTS  
FORMULA

## VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santal Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santal Remedies Co., 802 Madison Ave., Covington, Ky.

### Commission and Omission.

Failure of the Interstate Commerce Commission to act promptly and effectively in devising means of relieving the car shortage due to freight congestion, has not only destroyed much of the prestige of that body but has shaken confidence in commissions as the ultimate solution of every problem. We have been drifting very rapidly, of late, into the notion that when any perplexing difficulty is presented the best thing to do is create a commission with authority to deal with the situation as its discretion may direct. We have gone almost commission mad. The inability of the Commerce Commission to take steps that would unload and move the idle cars demonstrates the need of laws which shall clearly fix the responsibility of persons who fail to load or unload cars within a reasonable time, and also of transportation companies which fail to furnish cars for shippers within a reasonable time. As a matter of fact, the most important improvements in transportation in recent years have been accomplished either by the railroads themselves or by act of congress. We must look to congress and not to the Commerce Commission for the reforms of the future.

### Prices and Paternalism.

On the day that President Wilson went to congress to advocate his policy of armed neutrality, there were pending in that body some proposals looking toward a governmental regulation of the prices of food products. That day potatoes were selling in Berlin for seventy-two cents a bushel, in Washington for \$3.60. In Berlin there is govern-

ment regulation of prices. In Washington there is not. The people of Berlin are the beneficiaries of government regulation of prices—but the farmers of Germany have to take the gaff. With government regulation of prices in this country, the people of the cities will benefit at the expense of the farmers. In this life there can be no economic movement of this kind which will beneficially affect everyone concerned.

Having thrown out the republicans and installed democrats in the post-offices, President Wilson is now an advocate of the extension of the classified civil service, so that his appointees shall be secure in their positions.

Tennessee has enacted a "bone dry" prohibition law, which takes effect March 1. After that date it will be unlawful to ship liquor into the state, to convey it in, or even to have liquor in one's possession. The really disastrous feature of the situation is that it will inevitably cause a fearful decimation in the ranks of the colonels, for whoever heard of a colonel voluntarily residing in a "bone dry" state?

It is difficult to understand why the equal suffragists should station pickets at the entrance to the white house. The president has no power to establish women suffrage, even if he would. Congress alone has power to submit a constitutional amendment.

Pancho Villa should be proud of his criminal record. It has cost the United States two hundred million dollars to "take him," and yet he still cavorts around northern Mexico at will and is waiting to be "taken."

It is reported that Washington is in doubt as to the identity of the submarine which sank the "Athos" because the "sub" flew no flag. Wonder if submarine flags are made of oiled silk.

The payroll of the Dominican Republic has been cut down. It was found that many were drawing salaries for doing nothing. If such a policy were ever inaugurated in Washington, D. C., it would be a calamity.

A bill has been introduced in Albany to punish those responsible for disagreeable odors. It comes too late to affect the federal "leak" in inquiry, however.

The Red Cross Society acknowledges the receipt of \$138,000 for the relief of men blinded in the war. Are the revenue-raisers included in this category?

### HOOSIER PESTS.

(BY R. E. SNODGRASS.)

It seems that agricultural crops are never free from the ravages of insects. What the Hessian fly, the joint-worm, the root aphid and the corn ear worm leave for the harvest is no sooner stored in the bins and granaries than it is attacked by a host of other pests. Some, called weevils, are well known by their long snouts which enable them to eat deep holes in the grains. These granary insects also infest mills and are familiar in the household as pests in all kinds of prepared cereal foods.

Some of them can be destroyed in tight bins with carom bisulphide. This liquid should be poured into wide pans and set on top of the grain and the bin closed as nearly air-tight as possible for forty-eight hours. Use about four pounds to every thousand cubic feet of space, and remember that the fumes are highly explosive. Small quantities of grain, peas or beans may be fumigated in a barrel by tightly closing the top.

But all tests have not proved satisfactory. In fact, how to kill insects in stored grain is something we need to know more about it is one of the problems that entomologists have not yet satisfactorily solved in a practical way.

Mills may be fumigated with hydrocyanic acid gas, but this does not penetrate well into flour and meal. The very best remedy known is heat. An artificial temperature of 118 to 125 degrees maintained for several hours has been proved to be fatal to all insects, but such treatment is generally impossible except in small quantities constructed with

# GOOD BUYING Is the Only Effective Weapon

against high prices and the Spring of 1917 is the time to use this weapon to your advantage. Everything you have to buy is away above normal price and only by shrewd buying can you overcome this condition.

I have bought buggies on which I could make a nice profit by re-selling them at present wholesale prices, but they will be sold to the buggy users of this locality at a price based on the market they were bought on, which means a saving of at least \$10.00 to \$15.00 on each job.

OUR OPENING on MARCH 16th and 17th will convince you of these facts, if you will favor me with enough of your time to look at my line of Vehicles.

I want your vehicle business and if the best of standard makes of vehicles at prices that mean \$10.00 to \$15.00 saved will get it, I am sure going to get it. Every buggy guaranteed—they have to be right—I am not satisfied unless my customers are. Every customer must be a friend and a booster for my buggies. Some dealers say I cannot live and sell buggies at my prices. (I will let you know when to send flowers.) In the meantime save yourself some money by buying your buggies of a man who thinks just as much of making friends as he does of making sales. My motto is: "WHEN YOU MAKE A SALE, MAKE A FRIEND TO BOOST YOUR BUSINESS"

## Will Spivey At Oneal Bros

## RECEPTION HELD FOR FIRST REGIMENT

Formally Welcomed Home From  
Border Today—Governor Greets  
Men at State House.

### BUFFET LUNCHEON SERVED

(By United Press.)

Indianapolis, Ind., March 10—The First Indiana Infantry was formally welcomed home from the border today. The troops arrived in Indianapolis last Tuesday and have been quartered at Ft. Benjamin Harrison waiting to be mustered out.

A reception for the men was given in the governor's office, the executive greeting the soldiers. A buffet luncheon was served in the corridors of the capitol following the reception. The troops marched to the Circle theater and a patriotic celebration was held. Gov. Goodrich, Former Governor Ralston and Col. Leslie R. Naftzger, head of the regiment, delivered addresses.

Mustering out routine will take about two weeks, when the boys will be allowed to depart for their homes.

## Current Comments

### Law Enforcement.

(Burlington, N. C. Enterprise.)

Americans are a nation of law breakers. But worse than that we not infrequently permit our officials to become persecutors by means of the law and because of the personal gain there may be in it.

For example, there are thousands of laws on the national state and municipal statute books which are more than stringent enough if reasonably well enforced, but they become dead letters until some one sees an opportunity of making a nice little haul either through fees or through a portion of the fine which follows. Then when the opportunity of making money has passed, the whole matter is dropped. In practice the thing becomes a sort of a legal holdup rather than a means of keeping the affairs of the nation, state or borough running along in a decent and law abiding manner. This kind of thing gradually breeds in the minds of citizens contempt not only for the laws but for officials as well.

### INDIANS GO SOUTH.

Indianapolis, Ind., March 10—The Indianapolis American Association baseball team today departed for their spring training trip. The Indians will train at Albany, Ga., until April 9, when they will return to Indianapolis for a game with the New York Giants before the opening of the season two days later.

### BAIL A MILLION DOLLARS.

(By United Press.)

Havana, March 10—Bail for General Gomez, captured rebel leader, was set at a million dollars. No one yet has come forward with the money to permit release of the rebel chieftain and the prospect of

**DRINK HOT TEA FOR A BAD COLD**

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**RUB BACKACHE AND LUMBAGO RIGHT OUT**

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

**CHIEF BENDER IS ONE EXCEPTION**

Passing of Famous Indian From Baseball Recalls That Few of His Race Make Good

**ONLY ONE GOOD PLAYER LEFT**

For Years he Was the Main Cog in Connie Mack's Machine That Won Pennants.

(U. P. Staff Correspondent.)  
BY H. C. HAMILTON.

New York, March 10.—There is the passing of an old-time baseball player, one of the men who grew up with the game and saw it develop into the sport of the nation.

It was so with Chief Bender, just as it has been true of other ball players, and there is just a shade more of emotion in his passing, for it leaves only one Indian of prominence in the major league.

Strong, healthy, quick, drilled in outdoor sports by inherited rivalries, the Indian never has been able to completely fathom the white man's game of baseball. Many hundreds of the copper-skinned men have been called, but very few of them have reached the pinnacle of perfection in the majors.

Bender was one of the most prominent members of his race who ever played baseball, and Chief Meyers is another. Jim Thorpe, wonder though he is at other sports, is nothing more than fairly good as a ball player.

Sockalexis will recall glorified athletics to many an old time fan, but he passed as they all did. Chief Johnson was a wonderful pitcher and might still be if he had cared to keep himself in condition.

Bender was purely a product of the Connie Mack school. He was picked up after making a wonderful record for a team at Harrisburg, Pa., and then after a summer of illness and a season of no success, he blossomed. It was his work that did more than anything else to drive the Athletics to a pennant in 1911, and then he came through with a world's series victory practically unaided when Jack Coombs was stricken down. His work held up the Mackmen when everything else was going bad, and his final effort in the 1915 world's series was a crowning attempt to pull his team from defeat.

Connie Mack dropped him at the same time he did Jack Coombs and both the master hurlers passed into the National league eventually. Bender after spending a season with the Federals. He wasn't much of a pitcher, but he had used his experience to good effect and he was considered about half the strategical board for the Phillies.

**18 YEARS OF LIVER TROUBLE**

Finally Relieved by the Old Reliable Theodor's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Theodor's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles."

I have influenced several of my neighbors to take Black-Draught Liver Medicine, and I give it to my grandchildren.

I can safely say that I owe my life to Black-Draught, as it put me on my feet after everything else had failed.

You know that you can depend upon Black-Draught Liver Medicine for quick and permanent relief in all disorders of the liver, stomach and bowels, such as indigestion, constipation, biliousness, headache, sour stomach, tired feeling, and many other common ailments, because, in the past 75 years, it has helped so many thousands of people, whose troubles were similar to these.

Safe, gentle in action, and without bad after-effects, Black-Draught is sure to benefit both young and old. Sold everywhere. 25c a package. Costs only one cent a dose. **W. B. C.**

**ARMING SHIPS IS STEP NEARER WAR**

If Submarines Attack Merchantmen, Open Conflict With Germany Is Likely to Result

**WILSON MADE THIS PLAIN**

This Status of Preparedness May Last Indefinite Time Through Some Good Fortune

Washington, March 10.—Neutrality will be the status of the United States the moment that the first merchant ship under the American flag puts to sea with cannon mounted for defense. President Wilson made this clear in his address to congress Feb. 26, when he asked specific authority to arm merchant ships for defense against submarines—the step he ordered upon his own responsibility.

Writers on international law said that armed neutrality consists of placing the country in a condition to defend itself and its neutrality against threatened attacks or inroads by belligerents. This state of preparedness may last an indefinite length of time, through good fortune in avoiding contact with belligerent forces afloat or ashore or through the design of the belligerent to confine its declaration of purpose to inflicting the neutrality of a country to mere threats unsupported by action.

On the other hand, the status of armed neutrality may change into one of actual hostility through a collision—such as a submarine attack on an armed merchantman.

President Wilson has said that it may not be necessary to put armed forces anywhere into action. All will depend upon the future attitude of Germany and the treatment of American ships by German submarine commanders.

In his address to Congress the President said:

"I am not now proposing or contemplating war or any steps that lead to it. I merely request that you will accord me by your own vote and definite bestowal the means and authority to safeguard in practice the right of a great people who are at peace and who are desirous of exercising none but the rights of peace to follow the pursuit of peace in quietness and good will."

**MILROY ELIMINATED BY WESTPORT FIVE**

Thinking it Had Everything Its Own Way, Rush County Quintet Slowed Down and Lost

**CLARKSBURG IS DEFEATED**

Milroy, the only other Rush county team entered in the district tournament at Richmond was eliminated by Westport in the final game last night, 29 to 25. Milroy had the game its own way until the middle of the last period. With a substantial lead to its credit, Milroy relaxed its speed and Westport tied the score. Shortly before the period ended Westport was able to score twice from the field and walked off with the game, although outplayed most of the way by Milroy.

In the closest game of the day Liberty defeated Hagerstown 20 to 19. The game was exceedingly rough, two Hagerstown players and one Liberty man being put out of the game on account of fouls. At the start of the play this morning, Richmond, Sandusky, Greensburg, Modoc, Union City, Westport and Liberty remained in the running. Yesterday's scores follow: Sandusky, 48; Cambridge City, 15; Modoc, 31; Monroe, 24; Greensburg, 35; Clarksburg, 24; Richmond, 50; Rushville, 20; Westport, 29; Milroy, 25; Liberty, 20; Hagerstown, 19.

**RELEASE VERIFIED.**

Washington, March 10.—A state department message from American ambassador in Spain verified the German government's previously reported intention to end the quarantine of the American Yarrowdale prisoners March 7 and release them.

It did not say, however, that the release had actually been accomplished.

**ANITA STEWART SAYS—**

(COPYRIGHT 1916 VITAGRAPH)

**Your Responsibility to Your City.**

I have always tried to remember that this great land of the free was my land and that my state, New York, really did belong to me, also that Manhattan was my city—that I was a part of it and responsible to it in every way.

Of course such a responsibility necessarily rests more heavily upon the men's shoulders than it does the women's, because of their right of franchise. Nevertheless women can not shun their duty. And perhaps some of you, in other states, have the privilege of voting.

The other day Ethel, Baby, Mother o' Mine, and I went for a wonderful drive in our open machine. The day was clear, although a trifle cold, and we felt as though the fresh air would do all of us a world of good. First we went through the beautiful Central Park with its rustic lanes, lakes, fountains, monuments and statues. Then up the Drive along the beautiful Hudson river which tourists tell us is not rivalled by the historic Rhine itself. We passed "The Soldiers' and Sailors' Monument" and arrived at Grant's Tomb, a beautiful granite structure which overlooks the blue waters and the Palisades on the opposite shore.

"What a wonderful city ours is!"

**WILL BE TOLD, NOT TO RELAX IN FIGHT ON BOOZE**

Continued from Page 1.

it will organize the machinery in every county whereby the people may act intelligently in the election of dry delegates to the constitutional convention. This machinery will be absolutely necessary when the constitution goes to the people for ratification, for if prohibition is to win at that time, we must get more voters to the polls than the liquor interests do.

"This is a time for united action. There must not be a scattering of force and effort. We want you to know that we give to you and the other loyal workers, the honor of statutory prohibition, but also we place on you the fuller responsibility for the future of prohibition. We must have your close co-operation in the Indiana Dry Federation movement. See to it that every organization in your community lines up with this one great drive.

"We can win. We shall win. Victory will be the result of united action. Anything else will spell defeat.

"Already we have launched the organization work that will reach down to the last precinct of this state, and we wished you to know what is being done and that we are counting on you as a part of the allied forces. We shall be glad to have any suggestion you have to offer, and we trust that you will hold yourself in readiness to aid in the organization work of your community."

exclaimed Ethel as we stopped for some refreshments at a quaint little tea-room which mother recommended. "Do you know, it is seldom that we really appreciate the beauties and wonders at our very door. Thank you for the ride, Anita, for it has awakened a more or less dormant pride for my home within me."

Oh, friends, be loyal to your home town first of all, and appreciate whatever beauties and comforts it possesses. Take an interest in its welfare and its improvement, for you owe it the responsibility of citizenship. Your town may not be the finest in the country, nor the richest, nor the most important, but you can always do your part toward making it the best to live in and toward increasing its attractions. And the foundation for this must be a wholesome pride in it for what it already possesses.

**14 Cent Corn**

Fred Suhre of Columbus grew 530 bushels of shelled corn on five acres, or an average of 106 bushels per acre, at a cost of only 14 cents a bushel, and won the 1916 Corn Championship of Indiana.

**SUHRE FARM RESULTS, 1916**

Corn fertilized with Swift's Fertilizer, containing ammonia, phosphoric acid and potash, produced an increase per acre over the unfertilized of 19 bu.

Corn fertilized with only acid phosphate produced an increase per acre over the unfertilized of 9 bu.

Additional yield per acre from ammonia 10 bu.

Norris McHenry, 1914 State Champion Corn Grower of Indiana, had the following results on two five-acre plots:

Where Swift's Fertilizer was used, the average yield per acre was 112.1 bu.

Where competitors' fertilizer was used, the average yield per acre was 93.1 bu.

Additional average yield per acre where Swift's Fertilizer was used 19 bu.

The results from the Suhre and McHenry farms prove that Swift's Fertilizers are the best, and that Swift's Fertilizer containing ammonia is the most profitable.

Phone 2132

Miss Dorothy Frazee and her house-guests, Miss Ingeborg Johnson, Miss Lucile Abel and Miss Clara Broadstreet, all students in Oxford college at Oxford, Ohio, Miss Phyllis Dean, Mrs. D. H. Dean and Miss Janet Dean attended the matinee of "The Follies" in Indianapolis this afternoon.

The esteem which the members of the Sunday school classes taught by the Rev. and Mrs. C. M. Yocum at the Christian church have for them was plainly manifested last evening by the beautiful party given at the home of Miss Ella Wilson in East First street honoring the joint birthdays of the two. The Rev. and Mrs. Yocum had been invited in to take dinner with Miss Wilson and Mrs. Wilhelm, together with Mr. and Mrs. Frank Sample and Mr. and Mrs. J. W. Worden of Shelbyville. While they were waiting the arrival of another "guest," ninety-five members of the two classes, the Young Men's Circle and the Loyal Daughters class, came in making the most pleasant surprise for the guests of honor.

Yellow and white, the class colors of the Loyal Daughters, were used profusely in decorating the spacious rooms where the tables were arranged for the dinner. A canopy of strands of yellow crepe paper overhung the long dining table at which twenty guests were seated, with the Rev. and Mrs. Yocum at the head. Wide strands of the yellow paper also crossed on the table to form a design, the intersections being marked with yellow candles in crystal holders and hooded with yellow rose shaped shades. Each of the smaller tables was similarly decorated and lit with yellow candles. The center of the dining table bore a french basket of yellow flowers and near it was an immense birthday cake, bearing the number "34" in tiny yellow tapers. Immense bouquets of yellow flowers were in all of the rooms and floral bunches of yellow adorned the walls. The two course chicken dinner was extensive in menu, excellently prepared and beautifully served.

Mrs. Scott Hosier, the charming president of the Loyal Daughters, gave a short talk following the dinner in which she voiced the appreciation of the class for the work being done by Mrs. Yocum and spoke of the value of such pleasant gatherings. Errol J. Stoops, president of the Young Men's Circle, too, gave a few appropriate remarks, thanking the Rev. and Mrs. Yocum for their worthy work among the young people of the church. These talks were responded to with talks by the two guests of honor who heartily thanked their hosts and hostesses.

The evening following the dinner was spent in an informal way, some of the guests playing Rook and others engaging in conversation.

### Social Calendar

#### Monday

Monday Circle, with Mrs. B. F. Miller at 501 North Morgan street, in the afternoon.

Tri Kappa sorority, with Miss Jessie Kitchen at 340 West Third street, in the evening.

Queen Esther Circle of St. Paul's M. E. church, with Miss Dorothy Sparks at 434 North Main street, in the evening.

Coterie Club, with Mrs. J. T. Paxton at 333 West Seventh street, in the afternoon.

Young Ladies Mission Circle of Christian church, with Deryl Case at 503 N. Main street at 7:30 p. m.

Several important business matters will be brought up at the meeting of the Queen Esther Circle of the St. Paul's M. E. church to be held with Miss Dorothy Sparks at her home in Main street on Monday evening. Every member is urged to be present.

The C. W. B. M. of the Plum Creek Christian church will meet next Wednesday afternoon at 2:15 o'clock at the home of Mrs. Lafe Johnson. Mrs. James Smith is to have charge of the program and all of the members are urged to be present.

Mrs. Phil Wilk entertained the dozen members of the Grand Club at her home in North Harrison street yesterday afternoon. Games of Bridge were the diversion of the affair and a delicious two course dinner was served by the hostess following the card games. Mrs. Frank Wilson will entertain the club in two weeks.

The children of the Young Ladies Mission Circle will entertain the members of the Circle at the home of Deryl Case in North Main street on Monday evening at 7:30 and are offering an unusually interesting and novel program to entertain the members. The numbers on the program follow: "Welcome Song" by Justine Green, Elizabeth Stewart, Louise Ann Henry, Judith Manzy, Martha Wyatt, Mary Elizabeth Waggener and Viola Jay; scripture reading by Donald Dean; memory prayer by Deryl Case; song by Graham Pugh; song by the children; recitation by Cyrus Yocum on "There is Always Room at the Top;" song by Mary Elizabeth Waggener; song by Viola Jay; exercise by four little girls; exercise, "Five Little Squirrels," by five little girls. The four children members of the Circle who are entertaining are Mildred Boys, Viola Jay, Deryl Case and Cyrus Yocum.

At the meeting of the Tri Kappa sorority to be held with Miss Jessie Kitchen at her home in West Third street on Monday evening, the program on Indiana will be carried further with a paper by the hostess.

Fifteen members of the Friday Afternoon Embroidery Club were the guests of Mrs. Jack Knecht at her home in North Harrison street yesterday afternoon for a social afternoon together. The hostess served a delicious luncheon late in the afternoon.

Officers for the year beginning April 1, were elected by the Men's Bible class of the United Presbyterian Sunday school at the meeting held at the home of the Rev. John T. Aikin in West Seventh street last evening. The result of the election was: president, Wash Allen; vice-president, Hal Pike; secretary-treasurer, Dora Edwards; assistant teacher, T. M. Green; and teacher, the Rev. John T. Aikin. The business meeting, during which several matters were decided upon, was followed by a social hour. During this time, dainty refreshments were served to the members, there being 17 present.

A pretty dinner party was given by Mr. and Mrs. Will Martin at their home in Milroy yesterday at high noon when twelve of their friends were entertained. The color scheme of yellow and white was particularly attractive with spring flowers to carry it out. A basket of yellow jonquils embellished the center of the table and the places for the guests had cards bearing a design of yellow and yellow nut baskets. A sumptuous course dinner was served after which the guests played Rook. In the party were Mr. and Mrs. Frank Martin, and Mr. and Mrs. Walter Hite of Greensburg, Mr. and Mrs. Leroy Lines, Mr. and Mrs. John Booth and Dr. and Mrs. W. T. Lampton all of Milroy, and Mr. and Mrs. Frank Sefton of Milroy.

One of the social courtesies being extended to the three girls from Oxford college who are visiting Miss Dorothy Frazee was the dinner party given by the hostess at her home in East Sixth street last evening. The guests of honor were Miss Ingeborg Johnson, Miss Lucile Abel and Miss Clara Broadstreet. The dining table was prettily arranged with St. Patrick's Day favors and decorations and a bountiful three course dinner was served. A pleasant period followed when there were several musical numbers by the guests and later the company formed a theatre party for the "movies." Guests at the dinner aside from the guests of honor were the Misses Phyllis Dean, Kathryn Wooden, Kathryn Giffin, Kathryn Wyatt, Dorothy Sparks, Margaret Ball, Mary Louise Bliss, Helen Frazee and Lois Reeve.

## A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

No. 1—The Soil, Water and Fertilizer Requirements of a Successful Home Garden

The damage done to garden crops by the recent widespread freeze has made it necessary for many owners either to replant gardens or to delay planting beyond the usual time. These gardeners whose outdoor schedules have been upset are under the necessity of doing everything they can to hasten their crops. The following suggestions regarding the principles and practice of gardening, the horticultural specialists of the U. S. Department of Agriculture believe, will be timely and helpful both to these gardeners and to others in localities where the planting season naturally is later.

The gardener who merely wishes to raise vegetables for his own family will do well, especially this year, to choose the crops he will grow from those which previously have done best in his special locality. The market gardener must bear this fact in mind, but also must study the market and anticipate its usual demand and determine as far as he can how this demand will be affected by any untoward weather conditions which may have occurred in his section.

Those who desire to produce early crops should bear in mind that a warm, sandy loam will produce an earlier crop than a heavier soil that retains more water and less heat. Frost is less apt to injure vegetables planted on high ground than those planted in low places or valleys into which the heavier cold air commonly

settles. The garden should be fairly level, but well drained. The crop will mature more rapidly on land that has a sunny, southern exposure than in other plots.

The essentials for successful gardening on a small or large scale are soil, water, and cultivation. Much depends also on the grower, the season, and the crops selected.

The soil is the storehouse of plant food. The garden, therefore, should contain humus or rotted material in large quantities. The gardener should remember that about 50 per cent of ordinary earth is not soil at all, but consists of air and water. Water makes plant food that is present freely soluble. Rain and snow water are soft and contain ammonia. The magic of soft water on the plant world is one of the miracles of good gardening, as everyone who has contrasted the effect of rain with that produced by sprinkling with a hose realize. Plants are succulent and contain large amounts of water which they have to draw from the soil.

The conservation of soil moisture is the most important reason for cultivating crops. The two other principle things accomplished by cultivation are the killing of weeds which draw moisture and plant food from the crops, and the aeration of the soil.

Too much stress can not be laid on the preparation of a good seed bed. A seed bed of fine tilth—made so by deep plowing, careful harrowing, and fining of the soil—is the foundation of good gardening. It is essential for the proper germination and growth of young plants. The soil must be friable and free from clods. A clod can hold no plant food in solution, the only form in which it is available for the plant. Good soil and fine tilth insure an excellent root system to plants. Upon the fine, hairy, fibrous, feeding roots, which are possible only in well-tilled soil, the plant depends for its stockiness and growth. The careful gardener will regard his whole garden as a seed bed and will cultivate and fertilize it accordingly. Fertilizers, the plant food for the garden, should be carefully selected. Nitrogen, which stimulates leaf growth, is best supplied by turning under rich, well-rotted or composted manure, or rotting vegetable matter. Nitrogen also is supplied in such fertilizers as nitrate of soda and sulphate of ammonia, as well as in bone meal and tankage.

Potash tends to hasten the maturity of the plant, but also has a tendency to counteract the work of nitrogen. On this account those not experienced in using potash will find sulphate of potash better, or at least safe in most cases, than the muriate. On account of the disturbed commercial conditions one of the more available sources of potash is hard-wood ashes.

Plants need a balanced ration. If they are lacking in nitrogen, they show pale leaf and stunted plant form. Excess of nitrogen is shown by large leaf and plant growth with imperfect fruitage. If the plants lack potash, they will not be fruitful.

Sleep manure will hurry plants along more rapidly than most chemical fertilizers.

#### Administratrix Sale of Personal Property

The personal property of the estate of Marietta Poston, deceased, will be sold at public sale at the residence of decedent in New Salem, Indiana, on **FRIDAY, MARCH 16, 1917** Sale begins at 12:00 o'clock noon.

The property consists of one general purpose work horse, harness, manure spreader, buggy, ladders and all kinds of household goods, consisting of beds, tables, stands, chairs, player piano, clocks, mirrors, stoves, bed clothing and kitchen utensils.

# Town Improvement

(Contributed.)  
"City Beautiful" Club.

Every town, no matter how small or how large, should have a "City Beautiful" club. This is an organization that is almost indispensable if a town is to be made attractive and kept so. It makes no difference how neat and orderly the citizens may be about their premises or the merchants about their business houses, there are bound to be a thousand and one things that need the attention of a special organization created for the purpose.

There never was a truer axiom coined than "What's everybody's business is nobody's business." This applies most forcibly to many things that tend largely to make or mar the looks of a town.

Now that the warm weather is coming on, the labors of the city beautifiers will be in great demand. Just now, after the ravages of the winter's storms, nature presents her most depressing aspect, and much attention will be required if she is to re-clothe the face of the earth in her original garments of beauty. Unsightly washes and gullies, filled up ditches and drains, accumulations of weeds and trash and leaves and twigs are to be removed, and nature given her fair chance to do her best.

It is in this capacity that the order loving women of the town show to advantage. Women always have a keener eye for beauty and harmony than men. They are more given to neatness and ordliness than men. Start out a committee of energetic women to supervising the cleaning up of a town and they will find nuisances and unsightly places of which the men had never thought.

Just here we would like to offer a suggestion in connection with beautifying the town.

The problem of the vacant lot has always been the hardest one for the town beautifiers to solve. The average owner pays little attention to it, hence it invariably presents a neglected and desolate appearance. Now this season is going to see a demand for every dollar's worth of food products that this country can produce, and these vacant lots should, wherever possible, be turned to account to swell the output. Any kind of growing crop—corn, potatoes, vegetables—are far preferable to a coat of weeds.

When this is done, turn attention to the neglected back yards. You'll find many of them that now are refuse dumps, but that can be made places of beauty and usefulness.

Most towns are like some people. They will keep the main streets and buildings presentable, but the more obscure places and the back streets and alleys are neglected and permitted to fall into decay. Taken to task in the matter, the authorities often reply that strangers and visitors never see these places, anyway, so it doesn't matter. No, but we see them, which is worse. Strangers might see them and go away and forget them, but we must live with them, which is liable to breed neglect and disorder in ourselves. A man with a sore toe may know that it is hidden from the public, but he never forgets that it is there.

Always bear this in mind. The town will be beautiful or the reverse, just in proportion as its people are lovers of beauty and order, or the reverse. A beautiful and well kept home, with a foul alley in the rear and a neglected street in front, is a standing reproach to its owner. He should have sufficient pride to see that his surroundings harmonize with his possessions.

It's time to get busy in this town.

# DONNAN GIFT TO BE SHOWN ON MARCH 11

"The Spirit of Life" Will be on Display at John Herron Art Institute.

## IN MEMORY OF LECTURER.

The gift to the John Herron Art Institute in memory of Mrs. May Winters Donnan will be shown for the first time on Sunday, March Eleventh. It has been the privilege of those to whom Miss Donnan's life is a lasting influence to present to the Art Institute a work of art of distinguished merit. This figure, "The Spirit of Life" by Daniel Chester French, is the bronze cast of the artist's own model for the Trask memorial at Saratoga Springs.

It will be remembered that, for many years before her death in 1913, Mrs. Donnan conducted literary classes in Indianapolis and various other cities including Rushville. From small beginnings, her classes increased rapidly in size and members and she became such a force for literary ideals that all lovers of good books are indebted to Mrs. Donnan, whether by direct instruction or radiated influence.

Far more than any accomplishment, however, was her own exemplification of all that is gracious, beautiful and sincere, and it is exceedingly fitting that the memory of one so worthy to be loved should be enshrined in the exquisite beauty of "The Spirit of Life."

## GASOLINE WILL BE HIGH

(By United Press.)  
Washington, March 10.—Congress was too busy with other things to look into the price of gasoline as suggested by Representative Steenerson's resolution in the House; and in consequence automobile owners probably will pay a good stiff price for their gas again this year. Thousands of cars were kept in their garages last year because gas was too high; and unless a substitute is found or prices come down they probably will stay there this year too.

Indianapolis—Indiana cities today observed "Orange Day" in connection with the national movement to advertise the fruit.

**If You Are Looking For Something Stylish**

In Ladies' or Misses' Fine Shoes, you will find the largest varieties, and latest styles here. We keep our stock up-to-date in both sizes and widths, which insures you a perfect fit. In a style of Brown Vamp and White Top in Lace, we are showing a most attractive shoe.

## H. C. L. WAS MORE 600 YEARS AGO

University of Washington Professor  
Shows Wages Were Small in  
14th Century.

### FOOD STUFFS WERE CHEAP

But Man Could Not Make His Money  
go as Far Then as Now, he  
Argues.

(By United Press.)  
Seattle, Wash., March 10.—A  
carpenter in the fourteenth century  
received a wage of only 12 cents a  
day, against \$4.50 today. Yet the  
cost of living was, relatively, higher  
than it is today.

The statement is that of Profes-  
sor R. M. Garrett of the University  
of Washington, who also recites a  
list of food costs taken from the  
accounts of the expenditures of the  
Earl of Derby, later King Henry IV  
of England, as he was about to en-  
bark in 1390 on a campaign against  
the Luthuanians.

A carpenter, in those days, for his  
daily wage of 12 cents could buy one  
pound of butter, two pounds of  
cheese, a pound of salt two pounds  
of flour, one dozen and a half of  
eggs, a chicken and a pound of rice.  
A carpenter of today would have to  
pay \$2.60 cents for this bill of goods  
but it wouldn't eat up his entire  
daily wage, as it would that of the  
carpenter of 1390. The later car-  
penter would still have \$1.90 left.  
So, argues Prof. Garrett, while the  
worker of today pays more for ne-  
cessities, he gets much more com-  
paratively, for his labor. So the  
times are better.

In 1390 eggs were nine cents a  
gross. The Earl of Derby paid 30  
cents for 300 eggs that today would  
cost him \$12.50 to \$14.00. For 14  
pounds of butter, that would now  
cost him \$7, he paid a shilling, or  
25 cents. Rice brought by way of  
Venice from the east cost 10 pounds  
for a shilling. It costs a dollar to-  
day.

The one shilling exception to the  
general rise in prices that has oc-  
curred since that time is sugar. In  
1390 36 cents a pound, and now it  
retails at 8 cents. Here are some  
other prices, taken from the Earl  
of Derby's accounts:

A fine white horse, \$25; ale, 2 to  
4 cents a gallon; best wine, 5 cents  
a quart; mutton, 65 cents a car-  
cass; beef, \$3.75 to \$7.50 a car-  
cass; vinegar, 10 cents a gallon;  
dates 7 cents a pound; blankets,  
32 cents a yard.

### WHAT-YOU-MAY COLUMN

BY "GM."  
We are tired of being idiotic. It's  
so blithering silly.

One can be entertainingly brain-  
less up to a certain point, but be-  
yond that one is merely annoying.

We had thought today to diag-  
nose the toy terrier, that nickel's  
worth of dog with a million-dollar  
pedigree, which wags a warped lead  
pencil on one end and sports a ner-  
vous nose on the other. But that  
did not appeal to us.

Then we considered the porcupine;  
and figured out a fetching line about  
his being the original apostle of pre-  
paredness because he trains his hair  
for home defense. But we tried it  
on the office boy, and he didn't  
laugh, so we set that subject aside.

We tried some other things, but they  
were just as useless.

There are times when even a pro-  
fessional fool can't do a good job of  
it.

### "SAVE THE BABIES."

These are authentic quota-  
tions from the pamphlet on ba-  
bies by Dr. L. Emmett Holt, of  
Columbia University and Dr.  
Henry L. K. Shaw of Union  
University.

Among things which are bad  
for all babies are: Pacifiers,  
thumb sucking, soothing syrups,  
patent medicines, whiskey or  
gin for supposed colic, dirty  
playthings, dirty nipples, dirty  
floors, waterproof diapers, ex-  
cept for temporary use, mov-  
ing picture shows. Tomorrow  
there will be additions to this  
list of things which are bad  
for all babies.

## WHO WANTS TO FIGHT?

WE DON'T! NOR DO WE WANT YOU TO.

If everybody goes to war, we will have to quit business. You'd  
take your coats and suits with you, but—

In This Day of High Prices it is to your Interest to  
Make That Suit Last as Long as Possible.

### ADD TO THE LIFE OF YOUR GARMENTS

We co-operate with you in this by keeping your clothes presentable until worn out. We specialize  
on dry cleaning and pressing all kinds of wearing apparel, both men's and women's. Call us up.  
We will be pleased to answer all questions.

## BIG CANADIAN LOAN WILL BE FLOATED

Hundred Million Dollars Worth of  
of Bonds Expected to be  
Offered Very Soon.

### IS THIRD ONE TO BE OFFERED

(By United Press.)

New York, March 10.—A hundred  
million dollars worth of Canadian  
government 5 per cent, 20-year  
bonds, payable either here or in  
Montreal in gold dollars, are ex-  
pected to be offered on the New York  
market within the next 48 hours.

This \$100,000,000 loan will be the  
third of the kind Canada has offer-  
ed in the United States since the  
war began. It is understood a fourth  
loan of the same size may be asked  
within the next few months. Of the  
first loan \$25,000,000 and of the  
second \$30,000,000 worth of the  
bonds were placed in the United  
States. Canadian bonds always have  
been popular with United States in-  
vestors and usually are over sub-  
scribed.

### "BUS" OUTLAW HORSES.

(By United Press.)

Fort Worth, Texas, March 10.—  
Some of the toughest "outlaw"  
horses in the country are due to get  
"busted" during the National Feed-  
ers and Breeders Show, which open-  
ed a week's session here today. Real  
buckers have been imported from  
all parts of the west and southwest  
for the championship events, in  
which the best men and women ri-  
ders will participate.

THE UNIVERSAL CAR

**320,817**

Have been built and actually delivered to retail buyers since August 1, 1916.  
These figures—320,817—represent the actual number of cars manufactured by  
us since August 1st, 1916, and delivered by our agents to retail buyers.  
This unusual fall and winter demand for Ford cars makes it necessary for us  
to confine the distribution of cars only to those agents who have orders for im-  
mediate delivery to retail customers, rather than to permit any agent to stock  
cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves  
against delay or disappointment in securing Ford cars. If, therefore, you are  
planning to purchase a Ford, we advise you to place your order and take  
delivery now.

Immediate orders will have prompt attention.  
Delay in buying at this time may cause you to wait several months.  
Enter your order today for immediate delivery with our authorized Ford agent  
listed below and don't be disappointed later on.
